

## Affordable Workspace Market Engagement

We are undertaking a review of the council's tender process for affordable workspace opportunities, and we are keen to hear from suitable organisations to learn more about how we could improve our affordable workspace tender process and any reasons why potential providers did not submit a bid after expressing an interest on previous affordable workspace opportunities that we have advertised.

Please follow the link to complete a short survey on this - [Affordable Workspace Survey](#)

This should take no more than 5 minutes and your feedback is greatly appreciated as it will support us to re-design our tender process and ultimately improve the experience for prospective operators that are interested in future workspace opportunities.

Thank you for your time and if you have any questions, please do not hesitate to get in touch via the messaging service.
