

## **Purpose**

The Purpose of the Rough Sleeper Initiative intervention is to ensure that rough sleepers have access to specialised immigration advice. The initiative will enable Peterborough City Council Rough Sleeper Outreach Team to obtain individual immigration advice for clients who either do not have any status or who have been awarded pre-settled status. This will be on an individual ad-hoc basis, as and when it is needed.

Therefore, we are looking for a qualified and experienced Immigration Lawyer or a firm that will provide ad-hoc advice on matters of UK immigration. As part of Peterborough city council requirement, the appointed company or lawyer will be holding consultations with clients on all aspects of Immigration, in accordance with the current regulations and advising them on their options and setting out a plan of action to assist them in resolving their immigration matters. Using your wealth of Immigration experience, you will advise clients correctly and answer any questions they have regarding visa applications, asylum and human rights matters, naturalisation and citizenship applications, settlement, and indefinite leave to remain.

In line with current data protection regulations and safeguarding of vulnerable people, the selected lawyer for the provision of the service is expected to hold valid UK security clearance or Disclosure and Barring Service (DBS) clearance.

**The successful supplier will be based in Peterborough to enable the client to be able to easily attend any appointments that may be needed.**
