

Home Care Market Engagement
15th June 2022

The London Borough of Sutton (LBS) Council is inviting care sector organisations to a market engagement event on the procurement of home care (domiciliary care) services to support adults with care and support needs in the Borough.

The focus of the event will be to share ideas for the organisation of the LBS home care market and the way care services will be shaped in the future. There will be information on the details and timescales for the tender process.

The Council expects this event to be an interactive session and would welcome feedback on the proposals that will be presented on the day.

This is an online event and will take place between 10.00 - 12.00 on Wednesday 15th June 2022.

To advise of your availability and/or to register your organisation for attendance at the event please complete the following form.
