#### Responding to Online Questionnaires

When a tender is published an e-mail will be sent by the system to inform you of this, and that the exercise (Pre-Qualification Questionnaire, Invitation to Tender or the Request for Quotation) can now be viewed and worked on.

Note: While this section covers the questionnaire within a PQQ (Pre-Qualification Questionnaire) process, it remains the same for the return of any questionnaire, it is just the specific wording/questions that will change, the functionality will not.

#### Viewing the Exercise Details/ Questionnaire

Login to the system and it will take you to the screen highlighted below

•	<ul> <li>Activities</li> </ul>					View	full screen
	Active	Recently added Las	tviewed				
	ESPO Buyer	Go	Searsh 🗘	Go Current event	0	Event deadline	0
	ESPO	Test 11 for quida	ince notes	Test 11 for guidance notes		24/01/2019	

From the drop down menu select the organisation which advertised the opportunity, in this instance ESPO. Then you will be able to see your current activities that you are working on, from the "Activities" section, click on the title of the Activity you wish to work on.

The Activities area shows all the various tenders that you are involved with (expressed an interest), so this can be an ITT (Invitation to Tender), RFQ (Request for Quotation), PQQ (Pre-Qualification Questionnaire) etc.

All b	uyers	Go	Search	Go
	Buyer	Title	Current event	Event deadline

$\star$	Cheshire	(a) Accommodation for Service User(s)	(a) Accommodation for Service Users	28/01/2016
		2000100	0000	

**Note:** The process is the same in the system for all types of tender opportunity, PQQ, ITT and RFQ's, etc., however in this case the ITT has been chosen to look through, and the ITT will be referred to at various points.

As you can see above, the Buyer, title of the project, current event and event

deadline is shown. In this case it shows a  $\mathbf{x}$  symbol to reflect it is new and it has not yet been viewed or worked on yet.

By clicking on the title in blue, further information is now shown. From this screen all aspects of this project can be dealt with; the tender can be viewed, questions can be asked and answers received, additional information can be issued and your response can be put together and sent to the contracting organisation. Each stage of the procurement process will be seen as its own section.

To view the relevant stage of the project click **Start** within the relevant stage.

#### Messages and Clarifications

During the process all questions should be raised using the portal. The ability to ask questions/send messages is found in the Messages section. Anything sent through this area will go to the member of staff that is working on this tender within the procuring organisation. Open this area by clicking on **View** Messages.

No longer wish to respond

This will show any messages that have already been sent or received. To send a

new message, click on the Create new message button.

The sent message is now shown in the Inbox. To see the sent message you need to tick the 'read' box and update.

When a reply to that message is sent by the procuring organisation, you will see that the reply is linked to the original message by the numbering. All messages you send to the procuring organisation will be privately sent to them, shown by the ✓ symbol. When the procuring organisation replies they may reply privately to you alone (✓), or publically so all suppliers involved in this stage can see the response. **Note**: The system will NEVER show which supplier sent the original message.

In the 'Response control' box you also have two additional options:

Register Intent to Respond – this option will notify the buyer about your intention to respond.

No longer wish to respond – you can select this option, if after reading the tender documentation you decide to opt-out from the tender opportunity.

#### The Response Wizard

This will open up the response wizard that will take you through each stage of the tender response to make sure it is completed successfully. Stage 1 will always contain a welcome message which should be read carefully.

From the options section at the bottom of the page click "Continue" to move onto the next page and click "Cancel" to leave the wizard.

#### Editing Tender Response and Re-Submission

An important feature that is available after the tender response has been submitted is the ability as a supplier to edit this response before the submission time and date has passed.

All the procuring organisation will see, is the version number of the response but no previous submissions, providing they are all returned on time (further information on this later).

To edit a response from the tender summary screen, click **I would like to edit** my response.

#### Portal Technical Support

#### Email for Non-emergency issues and General Technical Support

For all non-emergency issues and general support, please contact Due North Technical Support Team via email, <u>ProContractSuppliers@proactis.com.</u> This will auto-log you a support ticket in the PROACTIS Supplier Support Helpdesk, <u>http://proactis.kayako.com/default</u>

On logging a ticket, if you have not already logged one before, you will be issued with a registration email that will give you instructions to allow you to log in, review and update your tickets effectively, as well as having full audit records.

#### Phone number for Time-Sensitive or Emergency Contact only

+44 (0)330 005 0352 (lines open 8.30am – 5.30 pm Monday to Friday excluding bank holidays)

Prior to contacting the help desk via the phone you should already have logged a support ticket via the method outlined above.

Please note you should use the phone number only in an emergency situation but this should be by exception and not as a rule.

(Note: questions relating to the tender content should be submitted to ESPO by accessing the messaging tool for each tender– please see the introduction pages of this Invitation to Tender for details).
