

# Dorset Care, Support, Housing and Community Safety Framework

Market Engagement Events  
August – October 2021

# Introduction

Current Dorset Care Frameworks end in 2022 & 2024  
They currently include Older People, Physical Disabilities, Learning Disabilities and Community Innovation

Dorset Council formed in April 2019, at which point Housing became part of our portfolio  
Dorset NHS Clinical Commissioning Group will also be a named party on the framework

# Ambition and Vision

New framework to be all encompassing across all areas of our commissioned service need

Including housing related services, community safety and lots for Children, with an addition of non-regulated support i.e. micro provision

Strengths and assets are utilised first, including circles of support, assistive technology, and community-based assets

## Ambition and Vision

We would strive to use new DCF for all commissioning on behalf of the health and social care system

CCG, Housing, Adult Social Care, Children's, Community Safety

# Existing packages and new business

Existing packages or placements continue with the existing framework terms and conditions

We intend to use the new framework for all new commissioning requirements, developing an e-brokerage system where appropriate

Entry to the framework will be a light touch approach, with additional criteria to be met for the lots themselves

# Process

Light touch Open Framework

Maximum framework duration = 10 years

Initial application evaluated for entry to the framework and lot or lots (light touch approach)

Essential pass/fail criteria for the lots will be clearly articulated

Further competitions will be carried out; only those successful for lots will be eligible to bid

Phased approach for the further competitions in the lots to commence

# Timescales

Framework tender published

**October / November 2021**

**December 2021 – March 2022**

Lots come to market in December –  
March 2022

What help  
you may  
need?

E-tendering portal – register now if you are interested via this link:-

[www.supplyingthesouthwest.org](http://www.supplyingthesouthwest.org)

Finding the opportunity – it will have its own unique reference DN548158

Once the initial round closes, the framework opens again immediately

# Q & A

Responses to questions in the chat bar

Thank you for your time today
