Questions and Responses

Qu 1: You have not shared the pricing, where is this?

Response 1: This will be released in Stage 2 within the mini-competition documents for each individual package sourced and will be evaluated on price and quality.

Qu 2: How does the referral portal and the DPS work together?

Response 2: The approved providers accepted onto the DPS will be uploaded onto the CarePlace portal. Sourcing opportunities will only be sent out to those on the DPS.
