- 2 The annual premium for this part is based on a pattern of travel declared by the insured. The insured will keep records of each Journey including the Insured Persons, durations and destinations and will declare to the insurer the resultant pattern of travel for the preceding 12 months as part of the renewal assessment.

Declaration of an increased level of travel will not invoke consideration of an increased premium for the forthcoming period of insurance unless it exceeds by more than 25% the pattern of travel previously agreed between the insured and the insurer as the basis of premium. Premium will not be adjusted retrospectively.
