

## Appendix 1 Brixham Road

Scheme name: <b>Brixham Road Widening Scheme, Yannon Farm to Long Road</b>	
Cost:	<b>£1.7m (contract value)</b>
Date:	<b>2015</b>

### Scheme details:

Situated to the West of Paignton, Brixham Road is part of the Western Corridor route between Torquay and Brixham. This section of Brixham Road was widened from two to four lanes between the existing traffic signal junctions at each end. The road was re-aligned, and straightened with widening taking place on both sides of the existing carriageway. The works included diversions of underground services, bulk excavation and earthworks, installation of Highway drainage including attenuation tanks and flow controls, brick faced pre cast concrete retaining wall, new pedestrian islands, installation of footways and cycleways, kerbing and carriageway construction, surfacing, road markings and installation of traffic signs.
