2.1. Introduction

- 2.1.1. The purpose of this ITT is to describe the procurement process and to provide further information about the Supply Requirement.
- 2.1.2. All documents and Bids will be prepared in the English language. The procurement process and all subsequent contracts will be subject to English law and the exclusive jurisdiction of the courts of England and Wales.
- 2.1.3. This ITT aims to:
 - provide information to Bidders on the Supply Requirement and the opportunities available;
 - set out clearly the Council's requirements;
 - provide information on the Council's approach to the procurement process;
 - set out the deliverables required from Bidders; and
 - set out the evaluation criteria and weightings that the Council will use to assess Bids
- 2.1.4. Bidders should note that there will be no negotiations permitted on the Contract terms (indicated in point 1.4 above) prior to or after the Bid submissions deadline date. Bidders are deemed to accept the Contract terms as set out in this ITT and the Council reserves the right to reject a Bid which seeks to vary or qualify the terms of the Contract (in a manner not permitted in this ITT).
- 2.1.5. This ITT has been prepared by the Council and is for use by those interested in bidding for the Supply Requirement, their professional advisers, and other parties essential to preparing a Bid for the Supply Requirement and for no other purpose.
- 2.1.6. Bids should be final and complete in meeting the Authority's requirements. Please refer to the submission instructions in Section 4.
- 2.1.7. However, the Authority may request Bidders to clarify aspects of their Bids where the Authority considers it appropriate to do so.
- 2.1.8. Following the submission of Bids, the Authority expects to undertake an evaluation process to identify which Bid is the most economically advantageous tender (MEAT) and will be put forward for consideration to be awarded the Contract.
- 2.1.9. The Authority reserves the right to vary the procedure as described in any of the Procurement Documents including in the OJEU Notice and the ITT. Reasons for this may include, but are not limited to, supporting continued competition, avoiding unnecessary bidding costs and adhering to subsequent technical or legal guidance.

2.2. Communications/Contact

- 2.2.1. The Procurement Documents issued by the Council as part of this procurement process are made available to Bidders electronically via the Council's web-based electronic supplier and contract management system, ProContract and can be found at www.supplyingthesouthwest.org.uk
- 2.2.2. Bidders must not approach any member of the Council in relation to the Supply Requirement or the procurement process, other than by using the messaging facility on ProContract.

- 2.2.3. Any technical questions relating to the use of ProContract should be addressed (preferably by email) to ProContractSuppliers@proactis.com or telephone helpline 0330 005 0352. This is only the technical support line and any ITT queries should be directed through ProContract.
- 2.2.4. It is the Bidder's responsibility to:
- 2.2.4.1. fully familiarise themselves with the nature and extent of the requirements and obligations that are needed to meet the Council's requirements and all necessary information as to risks, contingencies and any other circumstances which might reasonably influence or affect a Bid; and
 - 2.2.4.2. ensure that they have all relevant necessary information and to undertake due diligence, seek additional information or ask for clarification if necessary in order to submit a compliant Bid (including price).
- 2.2.5. Bidders shall be deemed to have satisfied themselves with the nature and extent of the requirement and obligations that are needed to meet the Council's requirements and the Council will not accept any claim or request for a variation to the terms of any contract as a result of any failure by a Bidder to seek clarification or undertake due diligence, or any liability for any claim or variation made on the grounds of insufficient knowledge of the nature or extent of the procurement.
- 2.2.6. Bidders participate entirely at their own risk and expense and will be solely responsible for and bear all of their own costs and liabilities which may be incurred in the preparation and submission of their Bids regardless of whether a contract is awarded. Under no circumstances will the Council or any of its advisors be liable for costs of expenses borne by the Bidders or any of its supply chain members or advisors in this process.

2.3. Downloading Invitation to Tender and Tender Response Documents

- 2.3.1. The ITT and Tender Response documents must be downloaded for completion electronically via ProContract.
- 2.3.2. Bidders should note that the ProContract system requires that Bidders use a compatible web browsing software. It is the Bidders responsibility to ensure that they are using a compatible web browsing software.

2.4. Bid Enquiries and Clarification

- 2.4.1. Any queries arising from the Procurement Documents which might have a bearing on the offer to be made should be raised as soon as possible in writing via ProContract and, in any event, by no later than 23:59 the date stated as the deadline for clarifications (referred to in the procurement timetable).
- 2.4.2. If a Bidder is in any doubt as to the interpretation of any part of this document, or if a Bidder wishes to request additional information or raise any query in connection with the procurement, they must raise a question within ProContract to the Project Team who will answer the query prior to the submission of Bids. The latest date you can raise your query is indicated in the procurement timetable at the start of this document.
- 2.4.3. In compliance with European procurement law principles on equal and fair treatment of Bidders, any information that the Council dispenses in response to requests for

clarification will be distributed to all of the Bidders as opposed to solely the Bidder that requested the information.

- 2.4.4. Relevant questions together with the answers will be posted on ProContract and automatic e-mails will be sent to Bidders informing them that a new message or update to the Procurement Documents has been posted and that they should visit the website to view it as well as the notification area within the system. If a Bidder has unsubscribed to the emails then the notification will only appear in the general notifications area within the system.
- 2.4.5. When Bidders first access the ITT they should satisfy themselves that they have seen any clarifications posted. It is in the Bidder's interest to visit the messages area regularly as clarifications may fundamentally affect their planned response. Bidders registering after clarifications have been posted will not receive notification that messages of updated to Procurement Documents are available for viewing.
- 2.4.6. On submitting a Bid in response to the ITT, it is the Bidder's responsibility to ensure that it fully understands the requirements and obligations of the ITT. The Council cannot guarantee to respond to all clarification questions and cannot warrant the accuracy of clarification responses posted.
- 2.4.7. Upon receipt of a Bid the Council may undertake any necessary post-Bid clarification questions with Bidders following submission of Bids.

2.5. Communication with Bidders

- 2.5.1. As noted above, the Council has adopted a web-based electronic supplier and contract management system to manage all Bid processes. Save as expressly provided otherwise in this ITT, all contact with the Council shall be made through ProContract. There should be no communications outside of the ProContract system.
- 2.5.2. Bidders are welcome to contact the Council via ProContract 'Messaging' with reasonable frequency to discuss any aspect of the Procurement. Bidders should not make any contact with any employee, member or advisors to the Council, without the Council's prior written invitation or agreement.
- 2.5.3. All questions and requests for clarification or further information may only be made, and will only be considered, if made by the date and time stipulated within the table at clause 1.7 of this document. If a question or request for clarification or further information is made by the Bidder after the date and time identified within this document, and prior to the submission date for a Bid, the Council may, in its absolute discretion, respond to the Bidder and provide any additional information to which the Council has access.
- 2.5.4. The Council shall not be obliged to comply with any such request and the Council does not accept any liability or responsibility for failure to provide any such information.
- 2.5.5. The Council also reserves the right to disseminate information that is materially relevant to all Bidders, even if the information has only been requested by one Bidder, subject to the duty to protect any Bidder's commercial confidence in its Bid. Should Bidders wish to avoid such disclosure (for example, on the basis that the request contains, or the likely response will contain, commercially confidential information or may give another Bidder a commercial advantage) the request must be clearly marked "In confidence - not to be circulated to other Bidders" within any message issued or on the front page of any document and by marking each relevant page of the document

as "commercially confidential", and the Bidder must set out the reason(s) for the request for non-disclosure to other Bidders.

- 2.5.6. If the Council considers that, in the interests of open and fair competition, it is unable to respond to the question or request for clarification or further information on a confidential basis, it will inform the Bidder who has submitted it. The Bidder must respond in writing requesting that either the query be withdrawn or treated as not confidential.
- 2.5.7. It is imperative that Bidders are clear in every request for information/question submitted to the Council the extent to which that request/question is commercially sensitive and/or confidential. Any statement requesting that the response to the request/question is to be kept confidential should be well constructed, thought out and meaningful and not simply a broad statement that covers matters clearly in the public domain or not commercially sensitive.
- 2.5.8. Where a request for information or question is commercially sensitive or confidential but the point is of general application, a sanitised version of the question and answer may be circulated.
- 2.5.9. Any questions and requests for clarification or further information must be submitted to the Council in accordance with this ITT by the date and time identified in the table at the start of this document.
- 2.5.10. Information will be added to ProContract throughout the procurement process as necessary. Bidders will be informed through notifications from the ProContract system whenever new or updated documents are added to the system.
- 2.5.11. It is the Bidder's responsibility to keep its contact details on ProContract up to date or they will be unable to receive communications from the Council.

2.6. Submission of Bids

- 2.6.1. Bids shall be submitted in accordance with Section 4 of this ITT.

2.7. Selection Criteria

- 2.7.1. Bidders are required to complete and submit the SQ alongside their ITT responses (i.e. by the deadline for Bid submissions) as set out in the Tender Response – Part A – Questionnaire. Bidders' SQ submissions will be evaluated prior to evaluation of ITT responses.
- 2.7.2. Details of the approach to be taken to the evaluation of SQ submissions are contained in Section 5 of this document. Bidders should read this section before completing the SQ.

2.8. Award Criteria and Evaluation Questions

- 2.8.1. Bidders' answers to each of the ITT questions must be self-contained without referring to additional documents, answers to other ITT questions or other supporting statements (unless specifically requested). Bidders should respond to each point in the question when providing its answer. The Council reserves the right to score the answer solely on the response to each question and have different evaluation panel teams evaluate different parts of each Bid. Evaluators will only read the response to

each individual question they are evaluating; evaluators will not follow any cross-referencing to other parts of the Bid.

2.8.2. Answers should contain information to evidence and demonstrate what and how you intend to deliver the Supply Requirement subject of this ITT.

2.8.3. Bidders' answers to the questions are limited in respect of the number of pages that may be used in responding to a question as set out in Tender Response – Part D Quality Evaluation.

2.8.4. Answers that exceed this page limit will be cropped at the page limit for the question (excess pages and words over the page limit will not be assessed or evaluated).

2.9. Scoring Information

2.9.1. In relation to the Quality criteria and sub-criteria, each question will be scored in accordance with the scoring scale set out in Section 5 of this document.

2.10. Price

2.10.1. The Bidders' price will be calculated and weighted in accordance with the instructions detailed in Section 5. The price element of the Bid will be scored and will contribute to the overall score for the Bid. The Council seeks a fully costed and transparent contract price.

2.11. Financial References and Bid Verification

2.11.1. At its discretion, the Council may also undertake financial checks and request financial and/or technical references at any stage of the procurement process

2.12. Award Announcement and Preferred Bidder Status

2.12.1. Following submission of the Bids, and after any clarification questions that may be required, the Council may select a Preferred Bidder(s) on the basis of applying the Evaluation Criteria.

2.12.2. Where selecting a Preferred Bidder(s), there may be further engagement in order to ensure that the successful Bidder's solution is reflected and codified into the contractual documentation.

2.12.3. Contract Award is subject to the formal approval process of the Council. Until all of the necessary approvals are obtained and the standstill period completed, no contract(s) will be entered into.

2.12.4. The Council will notify all Bidders of the outcome of the procurement through ProContract. Bidders must not contact the Council to find out the outcome before such notification is issued.

2.13. Acceptance of Bids

2.13.1. No Bid is deemed accepted until the contract and any associated contractual documents have been duly signed on behalf of the Council. Only the terms of any written contract which is finally agreed and signed for and on behalf of the relevant parties which is duly declared unconditional will have any contractual effect.

- 2.13.2. The Invitation to Tender, the Contract terms or the Contract Specification **will not** be subject to negotiation.

2.14. Presentations, Site Visits and Pre-Contract Meetings

- 2.14.1. Following submission of bids and during the clarification stage, the Council reserves the right to require each Bidder to provide a presentation and question and answer session for its Tender to the Council in order to illustrate and clarify the Tender. Details of any presentation and the areas to be covered in the question and answer session shall be communicated to the Bidders in due course, if required.
- 2.14.2. The Council may also request a Site visit. Again, details of this will be confirmed to the Bidders in due course.
- 2.14.3. Prior to award of contract you may be required to attend a pre-contract meeting at preferred-bidder status to discuss the practical details of operating the contract.
- 2.14.4. Any presentation, bid clarification, site visits and / or pre-contract meeting will not be scored in their own right (unless this is stated within the Evaluation Process), but may where relevant be taken into account in determining the final evaluation scores.

Section 3 - Conditions for Bidding

3.1. Notes for Completion

- 3.1.1. Any information and/or documents submitted in response to this ITT must relate to the Bidder only. The Bidder must be the organisation (unless applying on behalf of a consortium) which will enter into any proposed formal contract with the Council if successful at the end of the competitive exercise.

3.2. Confidentiality

- 3.2.1. The ITT and all the associated Procurement Documents are being made available by the Council on condition that:
 - 3.2.1.1. Bidders shall not disclose, copy, reproduce, distribute or pass the ITT and the Procurement Documents to any other person at any time or permit the occurrence of any of the foregoing;

 - 3.2.1.4. Bidders shall ensure that each member of the Bidders team who receives any of the ITT information and the Procurement Documents is made aware of, and complies with, the provisions of this paragraph as if they were a Bidder.
- 3.2.2. Bidders may disclose, distribute or pass the ITT and the Procurement Documents to another person (including, but not limited to, for example, employees, consultants, subcontractors or advisers to the Bidder) if either:
 - 3.2.2.1. this is done for the sole purpose of enabling a Bid to be prepared and the person receiving the ITT and the Procurement Documents undertakes in writing to keep the ITT and the Procurement Documents confidential on the same terms as set out in this ITT; or
 - 3.2.2.2. the Bidder obtains the prior written consent of the Council in relation to such disclosure, distribution or passing of the ITT and the Procurement Documents.
- 3.2.3. If a Bidder is unable or unwilling to comply with the requirements outlined in 3.2 or decides that to withdraw from the procurement process it must immediately notify the Council of this, return all Confidential Information to the Council and not retain any electronic or paper copies of it.
- 3.2.4. The Council may disclose detailed information relating to the Bids to the Council's members, directors, officers, employees, agents, advisers or auditors and the Council may make the documents relating to the Bids available for private inspection by such persons.
- 3.2.5. The Council will act reasonably as regards the protection of commercially sensitive information relating to the Bid, subject to the Council's duties under the Freedom of Information Act 2000 and/or the Environmental Information Regulations 2004. The Council may also disclose ITT information to its officers, employees, agents or

partners for the purposes of conducting this procurement exercise and subsequent contract management.

3.3. Freedom of Information Act 2000 (FoIA) and Environmental Information Regulations 2004 (EIR)

- 3.3.1. The Council may disclose Bid information to its officers, employees, agents or partners for the purposes of conducting this competitive exercise and subsequent contract management.
- 3.3.2. In accordance with the obligations and duties placed upon public authorities by the Freedom of Information Act 2000 (the "FoIA") and/or the Environmental Information Regulations 2004 (the "EIR"), the Council may be required to disclose information submitted by a Bidder in response to a request made pursuant to the FoIA or EIR.
- 3.3.3. If a Bidder considers that any of the information included in its response to the ITT is commercially sensitive and/or confidential, the Bidder should clearly identify it by highlighting specific text, figures and diagrams etc., and detail:
 - 3.3.3.1. (in broad terms) what harm may result from disclosure if a request is received; and
 - 3.3.3.2. the time period applicable to that commercial sensitivity.
- 3.3.4. The use of blanket protective markings such as 'commercial in confidence' will not be acceptable. In addition, marking any material as confidential or equivalent should not be taken to mean that the Council accepts any duty of confidentiality by virtue of such marking.
- 3.3.5. Please note that even where Bidders have indicated that information is commercially sensitive and/or confidential the Council may be required to disclose it under the FoIA and/or EIR if a relevant request for information is received.
- 3.3.6. The Council considers the Code of Practice issued under section 45 of the FoIA and the Code of Practice issued Under Regulation 16 of the EIR when dealing with requests for information. Where it is deemed appropriate, the Council may ask Bidders for their views as to the release of any information before a decision on how to respond to a request is made. In dealing with requests for information under the FoIA and/or the EIR, the Council must comply with a strict timetable and the Council would, therefore, expect a timely response to any consultation within two working days.
- 3.3.7. The decision as to which, and to what extent, information will be disclosed is reserved to the Council, notwithstanding any reasonable consultation with Bidders.
- 3.3.8. By submitting an ITT response the Bidder agrees to this information being securely held by the Council.

3.4. Procurement Information

Section 25 requires a relevant authority to make various documents available for inspection to local electors. The Council's records include contracts that the Council has with its suppliers. Bidders should note that any contract awarded at the conclusion of this procurement may be disclosed to a member of the public during the audit period.
- 3.5.2. The Council will take reasonable steps to ensure that data falling within the ambit of the Data Protection Act 2018 or General Data Protection Regulations and any information likely to prejudice commercial interests or other material which falls within an exemption provided under the Freedom of Information Act 2000 is not disclosed.

3.6. Accuracy of Information

- 3.6.1. The ITT and the Procurement Documents have been prepared by the Council in good faith but do not purport to be comprehensive or to have been independently verified and the Council does not make any representation or warranty as to the accuracy or completeness of the ITT and Procurement Documents, or the reasonableness of the assumptions on which it may be based. Bidders should not rely on the information contained in the ITT and the Procurement Documents and should carry out their own due diligence checks and verify the accuracy of the information contained in the ITT and the Procurement Documents. Section 5 – The Evaluation Process

5.1. Introduction

- 5.1.1. This document sets out the evaluation criteria which will be used to score and rank the submitted Bid documents and how each of these criteria will be assessed and scored. The contract will be awarded to the Most Economically Advantageous Tender, determined in accordance with this Evaluation Methodology.
- 5.1.2. The assessment of each Bid will be undertaken by way of a three-stage process;
 - 5.1.2.1. **Stage 1 – Preliminary Compliance Check** as per Section 5.2, below;
 - 5.1.2.2. **Stage 2 – Evaluation of Bidders' responses to the selection questions in the SQ** (Tender Response – Part A – Selection Questionnaire (SQ)) have been met as per Section 5.3, below and
 - 5.1.2.3. **Stage 3 – Detailed Evaluation** in accordance with Section 5.4.
- 5.1.3. Please note, all examples in this document are provided only for the purposes of illustrating the application of the scoring mechanisms described.

5.2. Stage 1 – Preliminary Compliance Check

- 5.2.1. Prior to carrying out the Detailed Evaluation of Bids the Council will conduct a preliminary check.
- 5.2.2. Bid submissions are required to meet the following Preliminary Compliance Check requirements:
 - 5.2.2.1. the Bid has been submitted on time and meets the Council's submission requirements/instructions which have been notified to Bidders;
 - 5.2.2.2. the Bid is capable of being evaluated as an entire solution and does not simply contain a pick-and-mix of alternatives or options so that the Council must construct its own solution from a menu;
- 5.2.3. The Council reserves the right to reject and not consider any Bid which fails to meet the required standard as per the Preliminary Compliance Check stage (above).

5.3. Stage 2 – Evaluation of Bidders' responses to the selection questions in the SQ (Tender Response – Part A)

- 5.3.1. Following completion of Stage 1 (Preliminary Compliance Check) the Council intends to review the SQ (Tender Response – Part A) responses provided by Bidders. The SQ responses will be evaluated using the selection stage criteria and following the methodology set out in this section of this document.
- 5.3.2. In completing their Tender Response – Part A (SQ) submissions, Bidders should not assume that the Council has any prior knowledge of the Bidder, its practice, reputation or its involvement in existing services, projects or procurements. In evaluating SQ submissions, the Council will only consider information provided in response to this SQ (which may include customer references sought regarding the contracts included in section 6 responses of Part B of the Tender Response – Part A document).
- 5.3.3. Notwithstanding paragraph 5.3.2 above, the Council may take account of any prior knowledge it has of the Bidder, its practice, reputation or its involvement in existing

services, projects or procurements to the extent that such knowledge indicates that information contained in the Bidder's SQ submission is false, misleading or inaccurate.

- 5.3.4. The Council will consider the information in Parts 1 and 2 of the SQ submission. The Council will exclude any Bidder who answers 'Yes' to the Exclusion Grounds in Section 2 of the SQ and may exclude any Bidder who answers 'Yes' to the Exclusion Grounds in Section 3 of the SQ. The decision to exclude Bidders in relation to the Exclusion Grounds will be subject to evidence of self-cleaning being provided by Bidders demonstrating the reliability of the Bidder despite the existence of a relevant exclusion ground and the Council considering such evidence to be sufficient.
- 5.3.5. The Council will then assess SQ submission responses to ascertain that its minimum Pass/Fail compliance requirements have been met. Each SQ submission must meet all of the Pass requirements that are outlined in the table below and explained in further detail in this document. Any bid that includes an SQ that does not meet the required Pass standard outlined, will be rejected and not considered further. The Pass/Fail criteria applicable to Part 3 of the SQ submission is set out in the Pass/Fail Criteria Matrix below:

5.4. Stage 3 – Detailed Evaluation of Bids

5.4.1. Those Bidder's that have satisfied Stage 1 and Stage 2 (as above) will have their ITT submissions evaluated and scored against the evaluation criteria, sub-criteria and weightings set out below.

5.4.2. The evaluation process will cover two areas:

Criteria	Criteria Weighting (%)
Quality	60%
Price	40%
TOTAL:	100%

5.4.3. Quality Score (60%)

5.4.3.1. Quality will be evaluated against pre-determined criteria and sub criterion as shown below. The weightings to be applied to the Quality Evaluation Criteria and any sub criterion where applied are also set below.

Criteria Number	Evaluation Criteria	Evaluation Criteria Weighting (%)	Relevant Submission Documents (as outlined in Tender Response – Part D)
E1	Coastal Engineering Experience	15%	Response to E1 Coastal Engineering Experience
E2	Contract Resourcing	15%	Response to E2a Contract Resourcing - Key Staff 1 Response to E2b Contract Resourcing - Key Staff 2 Response to E2c Contract Resourcing – Key Staff 3
E3	Programme	10%	Response to E3 Programme
E4	Methodology	40%	Response to E4a Methodology - Method Statement 1 Response to E4b Methodology - Method Statement 2 Response to E4c Methodology - Method Statement 3
E5	Safety and Environmental	20%	Response to E5 Construction Phase Plan
TOTAL:		100%	

- 5.4.3.2. All Quality Evaluation Criteria questions will be scored in line with the following Quality Scoring Guide table detailed below. In applying the scoring guide, each Bid will be evaluated according to its quality and deliverability. The term 'quality' in this context refers to performance and fitness for purpose of the proposal and therefore covers any aspect of a submission that affects the performance of the contract. 'Deliverability' refers to the likelihood that all aspects of a particular submission could in fact be delivered by the Bidder concerned.

Score	Quality Scoring Guide
5	The response is relevant to the question / criteria and provides a clear explanation of the bidder's approach. The approach outlined is adequate and sufficiently supported by detail and, where relevant, measurable evidence. In all aspects it goes beyond this and provides a particularly robust, innovative, or effective approach
4	The response is relevant to the question / criteria and provides a clear explanation of the bidder's approach. The approach outlined is adequate and sufficiently supported by detail and, where relevant, measurable evidence. In some aspects it goes beyond this and provides a particularly robust, innovative, or effective approach
3	The response is relevant to the question / criteria and provides a clear explanation of the bidder's approach. The approach outlined is adequate and sufficiently supported by detail and, where relevant, measurable evidence
2	The response is relevant to the question / criteria and provides some indication of the bidder's approach. However, in one or more aspects it is lacking in specific detail or evidence, and thus falls short of providing an adequate level of assurance
1	The response is of some basic relevance to the question / criteria, but is so brief, or so lacking in information, that it fails to provide even an adequate outline of the bidder's approach
0	No response is provided, or the response is of no relevance to the question / criteria

- 5.4.3.3. Bidder's are required to provide a response to all Evaluation Criteria questions set out in Tender Response – Part D – Quality Evaluation. Bidder responses will explain how the Bidder will meet the Council's requirements.
- 5.4.3.4. Quality will be evaluated by the Council based on Bidder responses to the Quality Criteria set out in Tender Response – Part D – Quality Evaluation and any responses to clarifications raised by the Council. In evaluating the responses to the Quality Criteria, the evaluation panel will use their reasoned professional judgement to identify the Quality Scores to be awarded.
- 5.4.3.5. A moderation process may be undertaken with the evaluation panel to discuss and agree an overall single consensus Quality Score for each response where individual evaluator scores differed in relation to a Bidder's response to a criteria.
- 5.4.3.6. The Quality Score Awarded for each Evaluation Criteria question will then be weighted by the Evaluation Criteria Weighting. This will be done by dividing the Quality Score Awarded by the highest score that could be awarded for that Evaluation Criteria as indicated in the relevant Quality Scoring Guide table. This will create a Percentage Quality Score awarded for that Evaluation Criteria. The Percentage Quality Score awarded will then be multiplied by the Evaluation Criteria Weighting to form the Criteria Weighted Quality Score for that Evaluation Criteria.
- 5.4.3.7. The Criteria Weighted Quality Score for each Evaluation Criteria will then be added together to form the Total Quality Score for each Bidder.

- 5.4.3.8. Bidder's should note that the Council has a requirement for a minimum overall Total Quality Score of 50%. Any Bid assessed by the Council as failing to reach this threshold will not be taken forward and will be rejected, regardless of the overall score.
- 5.4.3.9. The highest Total Quality Score will be awarded a maximum 100%. All the other Total Quality Scores will be given a % score relative to that. This will be done for each Bid by dividing the Bidder's Total Quality Score by the highest Total Quality Score, multiplying by 100 and the resulting Adjusted Quality Score is multiplied by the quality weighting of 60%. This will give a Weighted Quality Score for each Bidder's Quality relative to the highest.

5.4.4. **Price Score (40%)**

- 5.4.4.1. Pricing will be evaluated to ensure all relevant costs are visible and comparable, including sensitivity analysis where determined appropriate. Where arithmetical errors are found during evaluation of a Bid, you will be given details in writing and will be given the opportunity to confirm in writing or withdraw your Bid.
- 5.4.4.2. The lowest Total Price will be awarded a maximum 100%. All the other returned Total Prices will be given a % score relative to that. This will be done for each bid by dividing the lowest Total Price by the Bidder's Total Price, multiplying by 100 and then multiplying the product by 40%. This will give a Weighted Price Score for their Total Price relative to the lowest.
- 5.4.4.3. Tenders will be assessed using the tender adjustment calculation within 'Tender Response - Part C - Pricing Evaluation' and as outlined in 'Tender Response - Part E - Contract Data Part Two'. The total following the tender adjustment calculation will form the submitted cost for evaluation purposes.
- 5.4.4.4. The total cost figure derived from the adjustment calculation is not an estimate of the final contract outturn cost as it only takes into account those elements which will differ between Tenderers. The overhead percentages and adjustment percentages are those submitted by the Bidder in 'Tender Response - Part C - Pricing Evaluation' and the 'Tender Response - Part E - Contract Data Part Two'.
- 5.4.4.5. Please note that Bidders **MUST** fill in Tender Response - Part E - Contract Data Part Two' as well as 'Tender Response - Part C - Pricing Evaluation' for their tender to be valid.
- 5.4.4.6. The Council will use the [World Bank Methodology 2016](#) to identify Abnormally Low Bids. Where the Council has, concerns regarding sufficiency of price in relation to the requirement (Abnormally Low Bid), the Council reserves the right to require explanation. The Council will assess the information that you provide and may reject your Bid where the evidence that you provide does not satisfactorily account for the low level of price or cost proposed taking into account the explanation that you provide.

5.4.5. **Combined Weighted Scores to Reach a Final Weighted Score**

- 5.4.5.1. The Bidder's Weighted Quality Score and Weighted Price Score will then be combined to identify the Bidder with the highest combined Final Weighted Score.
- 5.4.5.2. The Bidder with the highest combined Final Weighted Score will be confirmed as the preferred Bidder.
