The applicants will be required to provide a response which covers the following two scenarios:

Scenario one

One Young Person placed at your service is not engaging with the key working support or with any other professionals or services offering support to meet their needs as identified within their Leaving Care Pathway Plan. The Young Person leaves the accommodation around 11:00am and returns back at 11 pm. Other professionals also do not know about the Young Person's whereabouts during this time. The Young Person has also been displaying very low mood and poor personal hygiene and is not willing to attend education or training opportunities. Some other professionals feel that the Young Person is using the placement inappropriately.

What are the identified concerns and how will you raise and address the issues to help the Young Person?

Scenario two

A Young Person has in the last three weeks stayed two to three days out of the placement each week. They have informed professionals that they are staying with a friend / known family member however the professionals are aware that this information is not true. There are concerns around drug and alcohol misuse and exploitation

What steps will you take to ensure the Young Person is safe?
