

STRATEGIC INFRASTRUCTURE TENDER INFORMATION EVENT

Date: Friday 26 April 2019
Arup, 8 Fitzroy Street London W1T 4BQ

The Meridian Water programme is set to deliver **10,000 homes** and thousands of jobs in Edmonton, Enfield, within the regeneration area where the Council is taking a leading role in facilitating development.

Enfield Council is about to commence a procurement exercise for the first phases of strategic infrastructure works in Meridian Water. This exciting opportunity covers works with an estimated value of £135m and covers strategic road works, junctions, bridges, utility services, demolition, construction, earth and remediation works, as well as an element of design development. The Council aims to set up a framework contract with the duration of five years to deliver the strategic infrastructure in Meridian Water.

The launch event will provide you with more details of this immediate opportunity to tender for the strategic infrastructure works in Meridian Water and the procurement process. For more information on the wider project please visit meridianwater.co.uk or follow [@MeridianWater](https://twitter.com/MeridianWater).

To confirm your attendance please RSVP by emailing natasha@3foxinternational.com by **21 April 2019**.

Please also inform us of the names of attendees from your organisation when submitting your RSVP.

Strategic Infrastructure Launch Event

Date: Friday 26 April 2019
Arup, 8 Fitzroy Street London W1T 4BQ

The Meridian Water programme is set to deliver 10,000 homes and thousands of jobs in Edmonton, Enfield, within the regeneration area where the Council is taking a leading role in facilitating development.

Part of the council's role is the delivery of strategic infrastructure to unlock housing sites in Meridian Water and help kick start the deliver new homes.

Enfield Council is about to commence a procurement exercise for the first phases of strategic infrastructure works in Meridian Water. This exciting opportunity covers works with an estimated value of £135m and covers strategic road works, junctions, bridges, utility services, earth and remediation works, as well as an element of design development. The council aims to set up a framework contract with the duration of five years to deliver the strategic infrastructure in Meridian Water.
