# Stage One – Standardised Selection Questionnaire

## A. Information for Potential Suppliers

### General Information and Exclusion Grounds: Part 1 & Part 2

The standard Selection Questionnaire is a self-declaration, made by you (the potential supplier), that none of the grounds for exclusion apply<sup>1</sup>. If any of the grounds for exclusion do apply, there is an opportunity to explain any measures you have taken to demonstrate your reliability notwithstanding the existence of a ground for exclusion (we call this self-cleaning).

We require all the organisations that form part of your bidding group/consortium and each subcontractor that you are relying on to meet the selection criteria to provide a completed part 1 and part 2. This means that where you are joining a group of organisations, including joint ventures and partnerships, each organisation in that group must complete one of these self-declarations. Subcontractors that you rely on to meet the selection criteria, must also complete a self-declaration (although subcontractors that are not relied upon do not need to complete the self-declaration).

When completed, this form is to be sent back to the contact point given in the procurement documents along with the selection information requested in the procurement documentation.

### Supplier Selection Questions: Part 3

The procurement document will provide instructions on the selection questions you need to respond to and how to submit those responses. If you are bidding on behalf of a group (consortium) or you intend to use sub-contractors, you should complete all of the selection questions on behalf of the consortium and/or any sub-contractors.

If the relevant documentary evidence referred to in the Selection Questionnaire is not provided upon request and without delay, we reserve the right to exclude you from the procurement process, including where an award decision has already been notified, and award to another supplier.

### Consequences of Misrepresentation

If you seriously misrepresent any factual information in filling in the Selection Questionnaire, and so induce an authority to enter into a contract, there may be significant consequences. You may be excluded from the procurement procedure, and from bidding for other contracts for three years. If a contract has been entered into you may be sued for damages and the contract may be rescinded. If fraud, or fraudulent intent, can be proved, you or your responsible officers may be prosecuted and convicted

---

<sup>1</sup>For the list of exclusions please see

of the offence of fraud by false representation, and you must be excluded from further procurements for five years.

## B. Notes for Completion

1. The “authority” means the contracting authority, or anyone acting on behalf of the contracting authority, that is seeking to invite suitable candidates to participate in this procurement process.
2. “You” / “Your” refers to the potential supplier completing this standard Selection Questionnaire i.e. the legal entity responsible for the information provided. The term “potential supplier” is intended to cover any economic operator as defined by the Public Contracts Regulations 2015 (referred to as the “regulations”) and could be a registered company; the lead contact for a group of economic operators; charitable organisation; Voluntary Community and Social Enterprise (VCSE); Special Purpose Vehicle; or other form of entity.
3. Please ensure that all questions are completed in full, and in the format requested. If the question does not apply to you, please state ‘N/A’. Should you need to provide additional information in response to the questions, please submit a clearly identified annex.
4. The authority recognises that arrangements set out in section 1.2 of the standard Selection Questionnaire, in relation to a group of economic operators (for example, a consortium) and/or use of sub-contractors, may be subject to change and will, therefore, not be finalised until a later date. The lead contact should notify the authority immediately of any change in the proposed arrangements and ensure a completed Part 1 and Part 2 is submitted for any new organisation relied on to meet the selection criteria. The authority will make a revised assessment of the submission based on the updated information.
5. For Part 1 and Part 2 every organisation that is being relied on to meet the selection criteria must complete and submit the self-declaration.
6. For the mandatory exclusion grounds only (Q2.1(a)), you must complete the declaration for all relevant persons and entities. There are two categories of persons and entities:
  - members of your administrative, management or supervisory board; secondly, entities and persons who have powers of representation, decision or control. You must decide, depending on the nature and structure of the entity or person who is bidding, which entities and persons this applies to in your particular circumstances. Clearly, members of your administrative, management or supervisory board should be easily identifiable and will cover company directors (or equivalent for other types of corporate entities) and members of an executive board.
  - the second category of those with powers of representation, decision or control, is likely to be more complicated. As an illustration, entities or persons with 25% or more shareholding (or equivalent for other types of corporate entities) are likely to have powers or representation, decision or control, although those with a lower

shareholding may still have the relevant powers depending on their particular rights. Similarly, your ultimate parent company (or equivalent for other types of corporate entities) is likely to have powers of representation, decision or control. Depending on your particular structure, intermediate parent companies who do not have a direct shareholding, directors or members of an executive board of your immediate parent company (for example in the case of an SPV set up specifically to bid for a particular contract), and holders of mortgages or liens may be covered. It isn't necessary to identify which entities and persons you think are covered but you must be satisfied that your declaration is made in respect of all of those that are covered.

7. For answers to Part 3 - If you are bidding on behalf of a group, for example, a consortium, or you intend to use sub-contractors, you should complete all of the questions on behalf of the consortium and/ or any sub-contractors, providing one composite response and declaration.

The authority confirms that it will keep confidential and will not disclose to any third parties any information obtained from a named customer contact, other than to the Cabinet Office and/or contracting authorities defined by the regulations, or pursuant to an order of the court or demand made by any competent authority or body where the authority is under a legal or regulatory obligation to make such a disclosure.

8. The Public Procurement Review Service allows government suppliers and potential government suppliers to raise concerns anonymously about unfair public sector procurement practice. The government can then investigate and resolve these concerns for contracting authorities as listed in [Schedule 1](#) of the Public Contracts Regulations 2015. To use the Public Procurement Review Service, [read the terms](#) and email [publicprocurementreview@cabinetoffice.gov.uk](mailto:publicprocurementreview@cabinetoffice.gov.uk) or phone 0345 010 3503.

## C. Questionnaire

You must answer all questions in parts 1 and 2. If you are the supplier, you must answer all questions in part 3 as well.

Bidders must ensure that every organisation on which they will rely to meet the selection criteria completes and submits their own answers and declaration for part 1 and 2.

## Section 2. Technical and Professional Ability

### 6.1 Relevant Experience and Contract Examples

Please provide details of up to three contracts, to meet the technical and professional ability criteria set out in the procurement documents, in any combination from either the public or private sectors; voluntary, charity or social enterprise (VCSE) that are relevant to our requirement. VCSEs may include samples of grant-funded work. Where this procurement is for supplies or services, the examples must be from the past three years. Where this procurement is for works, the examples may be from the past five years.

The named contact provided should be able to provide written evidence to confirm the accuracy of the information provided below.

For consortium bids, or where you have indicated that you are relying on a particular member or a subcontractor in order to meet the technical and professional ability, you should provide relevant examples of where the consortium/particular member/subcontractors have delivered similar requirements. If this is not possible (e.g. the consortium is newly formed or a Special Purpose Vehicle is to be created for this contract) then three separate examples should be provided between the principal member(s) of the proposed consortium or members of the Special Purpose Vehicle or subcontractors (three examples are not required from each member).
