A blue banner states: "We require all this information to create your account unless marked as optional." To select your chosen categories click the **Select Categories** button.

Categories

Have opportunities in the following categories emailed to you.

[Select categories](#)

Categories List

This section is where you can register your company to receive automatic e-mail notifications of new opportunities that have been published that may be of interest to

your company. This will greatly assist you when using the portal and means that relevant opportunities are not missed. At least one category must be selected.

Category selection

The screenshot shows a web interface for category selection. At the top is a grey header with the text "Search categories". Below this is a search bar with the placeholder text "Enter the search criteria...". To the right of the search bar is a green "Search" button. Further right are two radio buttons: "Exact match" (which is selected) and "Fuzzy search". Below the search bar is another grey header with the text "Categories list". Underneath is a list of four categories, each with a blue diamond icon to its left and a checkbox to its right. The categories are: "01000000 - Food", "02000000 - Supply Chain", "03000000 - Supplies and Services", and "04000000 - Drink".

Category: The top level categories that you can register to receive updates under are all listed.

To select a top level category, mark the box to the left of the category by clicking it. You can select multiple categories if required. Ensure that you click on **Select Categories** to add this to the list.

If you are not sure, or if you want to put your company against lower level classifications, you may use the search facility at the top of the page to search for specific words to help you narrow down the categories to add to your account.

This can also be done by clicking on the blue diamond to the left of the category which will take you down to the next level. This can then be repeated to go down further levels in some categories.

Note: When selecting categories, only categories relevant to the goods or services you can offer as a supplier should be selected. Category selection can be revisited at anytime to carry out required amendments, and searches of advertised opportunities for all categories can also be carried out at anytime.

This screenshot shows the same "Search categories" and "Categories list" interface as the previous one. The search bar and "Search" button are visible. The "Exact match" radio button is selected. The "Categories list" section shows a more detailed view of the "Supply Chain" category. The "02000000 - Supply Chain" category is selected, indicated by a green square next to its name. Below it, the "02010000 - Waste" category is expanded, showing sub-categories: "02020000 - Energy", "02020100 - Utilities", and "02020200 - Equipment". The "02020200 - Equipment" sub-category is selected, indicated by a green checkmark in its checkbox.

When all required categories have been chosen, click **Select Categories** from the options at the bottom of the page.

Responding to Online Questionnaires

When the tender is published an e-mail will be sent by the system to inform you of this and that the exercise (Pre Qualification Questionnaire, Invitation to Tender or the Request for Quotation) can now be viewed and worked on.

Note: While this section covers the questionnaire within a PQQ process, it remains the same for the return of any questionnaire, it is just the specific wording/questions that will change, the functionality will not.

Question sets

Within the response wizard, one stage will be the **Question sets** section. Here, you can view the questionnaire(s) that is being used with the tender.
