Workstream 4 Turn key solutions delivering offsite solutions - Projects with Individual sites less than 25 units - North Wales

Lot No: 36

II.2.2) **Additional CPV code(s)**

45200000

II.2.3) **Place of performance**

NUTS code: UKL

Main site or place of performance:

Various new build offsite projects across North Wales

II.2.4) **Description of the procurement:**

Turnkey solutions delivering offsite residential projects including housing, apartments, care homes and student accommodation, temporary accommodation.

This lot is for band 1, projects where the majority of the sites will be less than 25 units on them, bidders can offer a range of offsite systems, due to the nature of some of the projects which will be across multiple sites.

Bidders may also offer an onsite solution to some sites where it is uneconomical to build with an offsite solution.

This workstream is aimed at providing a service for clients who have a building programme over a number of smaller sites The largest site within the project would be up to 25 units on an individual site, other sites may be only one or two units within the project.

This workstream is aimed at low rise projects below 18m

Bidders may offer a number of different offsite systems to be used under the tender.

Bidders must declare all of the manufacturing locations that will be providing offsite systems

Bidders may also offer an on-site solution to some sites within a client's projects where it is uneconomical to Build with an offsite solution.

This workstream is split into two sizes bands. Bidders may choose which options they propose to deliver:

Option 1 Housing and apartments,

Option 2 Adaptive pods,
Option 3 Room in the roof,
Option 4 Adaptive pods,
Option 5 Enhanced energy performance
Local constituency areas covered:
2. Aberconwy- 3. Alyn and Deeside - 39. Wrexham – 16. Clwyd South – 17. Clwyd West - 19. Delyn – 37. Vale of Clwyd – 4. Arfon – 40. Ynys Môn -

II.2.5) **Award criteria**

II.2.14) **Additional information**

II.2) **Description**

II.2.1) **Title:**

Workstream 4 Turn key solutions delivering offsite solutions - Projects with Individual sites less than 25 units -
Mid Wales
Lot No: 37

II.2.2) **Additional CPV code(s)**

45200000

II.2.3) **Place of performance**

NUTS code: UKL

Main site or place of performance:

Various new build offsite projects across Mid Wales

II.2.4) **Description of the procurement:**

Turnkey solutions delivering offsite residential projects including housing, apartments, care homes and student accommodation, temporary accommodation.

This lot is for Band 1, projects where the majority of the sites will be less than 25 units on them, bidders can offer a range of offsite systems, due to the nature of some of the projects which will be across multiple sites.

Bidders may also offer an onsite solution to some sites where it is uneconomical to build with an offsite solution.

This workstream is aimed at providing a service for clients who have a Build programme over a number of smaller sites. The largest site within the project would be up to 25 units on an individual site, other sites may be only one or two units within the project.

This workstream is aimed at low rise projects below 18m

Bidders may offer a number of different offsite systems to be used under the tender.

Bidders must declare all of the manufacturing locations that will be providing offsite systems

Bidders may also offer an on-site solution to some sites within a client's projects where it is uneconomical to build with an offsite solution.

This workstream is split into two sizes bands. Bidders may choose which options they propose to deliver:

Option 1 Housing and apartments,

Option 2 Adaptive pods,

Option 3 Room in the roof,

Option 4 Adaptive pods,

Option 5 Enhanced energy performance

— Partial coverage of Lot will be allowed via selection of local constituency area

Local constituency areas covered:

15. Ceredigion

6. Brecon and Radnorshire –

13. Carmarthen East and Dinefwr -

14. Carmarthen West and South Pembrokeshire -

20. Dwyfor Meirionnydd –

26. Montgomeryshire -

32. Preseli Pembrokeshire -

Section III: Legal, economic, financial and technical information

III.1) **Conditions for participation**

III.1.1) **Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers**

III.1.2) **Economic and financial standing**

List and brief description of selection criteria:

LHC uses the following ratios to evaluate each bidder's and approved contractor's financial status:

— turnover required x 2 project value as defined on contract notice (Twice the typical value for x2 projects called off this framework). For a SME or start-up bidders that cannot meet the lowest level of turn over, must provide

evidence that they can obtain a performance bond or provide a parent company guarantee for projects over 500 000 GBP. If tenders do not have a turnover generally of the level indicated within the contract notice they will fail the financial requirements. If a bidder fails the financial requirements they will be excluded from the tender and their bid will be rejected,

Profitability and liquidity will only be assessed if the bidder passes the turnover requirements.

— profitability: this is calculated as profit after tax but before dividends and minority interests. If a company makes a profit, then it passes this ratio and

— liquidity: this is calculated as current assets and work in progress, divided by current liabilities. If the answer is greater than one, then it passes this ratio.

If a bidder fails the assessment for either Liquidity or profitability they may fail the financial assessment. LHC reserves the right to undertake its own detailed financial assessment of the bidder in order to ascertain to its own satisfaction the financial and economic standing and robustness of the organisation of the bidder and also, where applicable, the Parent / Holding Company and its subsidiaries. If a bidder fails this detailed assessment they will fail the tender and their bid will be rejected.

Minimum level(s) of standards possibly required:

Workstream 1: volumetric for options 1, 2, 4, 5 and 6 Bidders shall have a minimum "general" yearly turnover of 2 000 000 GBP for the last 3 years: for these lots only SME's or start-ups that cannot meet the lowest level of turnover must provide evidence that they can obtain a performance bond or provide a parent company guarantee for projects over 500 000 GBP,

Workstream 1 volumetric: option3 adaptive pods for bidders only apply for this option must have a yearly general turnover of 100 000 GBP where SME's or start-ups that cannot meet the lowest level of turnover must provide evidence that they can obtain a performance bond or provide a parent company guarantee for projects over 50 000 GBP;

Workstream 2: panelised systems supply and erection bidders will be required to have a minimum "general" yearly turnover of 500 000 GBP for the last 3 years;

Workstream 3: high rise projects bidders will be required to have a minimum "general" yearly turnover of 6 000 000 GBP for the last 3 years;

Workstream 4: projects with sites up to 25 units bidders will be required to have a minimum "general" yearly turnover of 1 000 000 GBP for the last 3 years,

SME's or start-ups that cannot meet the lowest level of turnover must provide evidence that they can obtain a performance bond or provide a parent company guarantee for projects over 500 000 GBP,

Workstream 4 projects with sites of more than 25 Units bidders will be required to have a minimum "general" yearly turnover of 6 000 000 GBP for the last 3 years.

Insurances:

— Employer's (Compulsory) Liability Insurance — 5 000 000 GBP,

— Public Liability Insurance — 5 000 000 GBP,

— Professional Indemnity Insurance — 5 000 000 GBP,

— Product Liability Insurance — 5 000 000 GBP.

III.1.3) **Technical and professional ability**

List and brief description of selection criteria:

Contractual Warranties, performance bonds or parent company guarantees may be required by the arrangement users for individual contracts.

All properties will be required to be provided with a New house building 10 or 12-year warranty.

All offsite Systems offer under the framework must be able to obtain a mortgage for the finished property

Parent company guarantees may be required by end users and LHC. Groups of suppliers tendering will be required to assume a specific legal form if successful.

Bidders shall demonstrate that they have procedures in place covering quality, environmental, and health and safety. manufacturing locations must have an ISO 9001 quality system in place

Minimum level(s) of standards possibly required:

Bidders will be required to provide a documented evidence of a quality system. Where a bidder claims they have certification it must with a UKAS accredited body attesting or equivalent.

In addition, bidders must be able to meet environmental standards in accordance with the community Eco-Management and Audit-scheme(EMAS or ISO14001) Bidders must have a Health and safety system in place.

This may be demonstrated through OHSAS18001 or equivalent scheme for Health and Safety.

English

IV.2.6) Minimum time frame during which the tenderer must maintain the tender

Duration in months: 6 (from the date stated for receipt of tender)

IV.2.7) Conditions for opening of tenders

Date: 15/10/2018

Local time: 09:00

Section VI: Complementary information

VI.1) Information about recurrence

This is a recurrent procurement: no

VI.2) **Information about electronic workflows**

VI.3) **Additional information:**

LHC is a joint committee of local authorities acting as a central purchasing body on behalf of the Welsh Procurement Alliance (WPA).

Due to the reach and scale of LHC partners' portfolios, the framework aims to support the delivery of housing throughout Wales. Consequently, whilst not specifically consulted in the development of this framework, other contracting authorities as defined by the Public Contracts Regulations 2015 and as described in www.LHC.gov.uk/24 may also deem the framework to offer a value for money procurement solution for their requirements, and may also use the framework.

However, bidders should only consider the opportunity presented by current and future members of the LHC when preparing and submitting their bids.

A sub-contract clause has been included in this contract.

Community benefits are included in this requirement. For more information see Schedule 1 of the FAC1 agreement included with the tender documents.

NOTE: To register your interest in this notice and obtain any additional information please visit the LHC portal <https://procontract.due-north.com/Login>.

Suppliers are advised to allow adequate time for uploading documents and to dispatch the electronic response well in advance of the closing time to avoid any last minute problems.

NOTE: To register your interest in this notice and obtain any additional information please visit the LHC portal <https://procontract.due-north.com/Login>.

The Contractor shall ensure that all contracts with Subcontractors and Suppliers which the Contractor intends to procure following the Award date, and which the Contractor has not, before the date of this Contract, already planned to award to a particular Subcontractor or Supplier, are advertised through the Sell2Wales portal (www.sell2wales.gov.wales) and awarded following a fair, open, transparent and competitive process proportionate to the nature and value of the contract.

Under the terms of this contract the successful supplier(s) will be required to deliver Community Benefits in support of the authority's economic and social objectives. Accordingly, contract performance conditions may relate in particular to social and environmental considerations. The Community Benefits included in this contract are:

A summary of the expected community benefits has been provided as follows:

LHC Clients are required to consider Community Benefits on each and every contract. Tenderers must be aware that LHC Clients may add Community Benefit requirements including but not limited to:

- to generate employment and training opportunities for priority groups,
- vocational training,
- to up-skill the existing workforce,
- equality and diversity initiatives,
- to make sub-contracting opportunities available to SMEs, the third sector and supported businesses,
- supply-chain development activity,
- to build capacity in community organisations,
- educational support initiatives.

(WA Ref:84604)

The buyer considers that this contract is suitable for consortia.
