- **Are you a provider or do you work in the area of Sexual Health?**
- **Are you interested in making the most of our Sexual Health services, and getting maximum benefit?**
- **Do you have influence within at risk target groups?**

Then we would like to hear from you...

We would like to invite organisations and interested stakeholders who have a current role in the provision of Sexual Health services to help us shape a vision for the delivery of services to the residents of Gloucestershire.

Following the completion of the Gloucestershire Sexual Health Needs Assessment in 2014 we are now faced with the challenge of providing services which match the needs of our population whilst also meeting the financial challenges faced by all public sector organisations. Our aim is to explore service model options and consider innovative approaches for future service delivery that will contribute to achieving the Public Health aims and outcomes for our large and geographical diverse county.

The focus is to ensure that every pound spent is delivering the best outcomes for Gloucestershire's residents and communities.

As valued providers working in this area we would welcome your involvement.

To reserve your place at our engagement event please contact Paul Cooke with your name and organization to paul.cooke@gloucestershire.gov.uk
