

Reference 4840 - Provision, Repair, Maintenance & Replacement of Fencing

Details

The requirement comprises the supply and erection of a variety of types of fencing and gates throughout the London Borough of Bexley. The works will include maintenance, repair, removal and disposal of existing fencing. In addition the contractor may be required to provide advice and budget cost estimates for various options prior to the issue of works orders by the Council.

Contract period

The initial duration of the contract is for a period of 4 years commencing 1st April 2018. The Conditions of Contract provide that the contract may be extended by the agreement of the parties for up to 4 additional years.

Contract value

The anticipated value of the requirement will be approximately £150,000 per annum

Miscellaneous information

The price for instructed works will be ascertained by reference to the priced schedules of rates returned by the successful tenderer and any other rates agreed during the currency of the contract. The tendered prices will be fixed for the first year of the Contract. The Conditions of Contract provide that on the first anniversary of the contract and annually thereafter the prices will be adjusted by reference to the change in index 3/54 Fencing from the Building Series 3 indices in the Monthly bulletin of indices for the price adjustment formulae for construction contracts with a 10% non-adjustable element.

Health and Safety at Work

In meeting the duties placed by the Health and Safety at Work etc Act 1974, and subordinate legislation, the London Borough of Bexley (LBB) has selected the pre-qualification schemes that form the Safety Schemes in Procurement Forum (SSIP) as the minimum standards of Health and Safety competence required.

Compliance with any one of these standards, details of which are available on the SSIP website, demonstrates an understanding of health and safety law and its application in the working environment. As far as LBB is concerned the most common standards used are the Contractors Health and Safety Assessment scheme (CHAS), EXOR Health and Safety and OHSAS 18001 (<http://www.bsigroup.com/en-GB/ohsas-18001-occupational-health-and-safety/>)

Only companies suitably registered (with regards to Health and Safety) by an SSIP Forum member as 'Compliant' (this compliance must also be 'valid' ie assessed within the last 2 years) shall be eligible for tender consideration, therefore any application your company may need to make to any of these bodies must be completed successfully by the tender return date.

Contractors are expected to maintain a compliant registration (with regards to Health and Safety) with an SSIP Forum member for the duration of any contract.

The SSIP Forum acts as an umbrella organisation to facilitate mutual recognition between health and safety pre-qualification schemes wherever it is practicable to do so.

How to express an interest

If you wish to apply for this contract please follow the steps below:

Register your company free of charge on the London Tenders Portal (LTP)

Await acceptance. You will receive an email confirming your username and password for the LTP.
