

Subject: DN522137 - Virtual Market Engagement: Digital Innovation

Dear all

Thank you for taking the time to express an interest in our Virtual Market Engagement: Digital Innovation notice. To provide further clarity, we have put together an agenda for Thursday 4th February to outline what it is we are looking to cover off and achieve through this process:

1. Introduction

- The Assistant Director, Adult Social Care will provide a welcome and overview of the session

2. Strategic Reset Programme and alignment with Adult Social Care

- To talk about some of the upcoming changes that the council is looking at implementing and how social care is aligning with this

3. Assistive Technology in Social Care and the future vision

- This will cover more specifically the vision for assistive technology and how it is starting to feature in a number of important areas / projects meaning there will need to be flexibility in a future approach.

4. Example of innovation from the impact of Covid-19

- In this section we will cover the impact Covid-19 has had on residents of Kent and a digital response that social care implemented for the pandemic that enabled people to feel safe and well in their own home

5. Expected benefits

- This will outline some of the high level benefits that we will be hoping to achieve and would like to evidence over the next period

6. Next Steps

7. Questions and Answers
