

**Oldham Council Market Engagement Event
Targeted Support Services for Children and Young People**

Background

Oldham Council are seeking to commission a service that will work with targeted groups of children, young people and their families to encourage them to become empowered to make informed choices, raise aspirations and ensure children and young people fulfil their full potential. The successful provider will work proactively with a range of key partners and stakeholders including young people to deliver a service that achieves positive outcomes for all.

There are three elements to this service which are:

- Targeted Impartial Information and Guidance
- Missing From Home or Care Return Interviews
- Young Carers

Oldham are ideally seeking to work with one overall lead provider. The successful provider will deliver high quality provision and effectively engage with and inspire young people to be ambitious. It is expected the provider will meet all KPI's and outcomes outlined within the specification.

Market Engagement Event

As part of the commissioning process, we are holding a market engagement event on Thursday 18 July 2024 and would like to invite interested providers to attend.

The purpose of the event will be to engage with providers and discuss:

- services included within this procurement exercise.
- contextual information and current data.
- initial commissioning considerations based on stakeholder/service user feedback.
- insights from those delivering similar services - to inform the final specification.

Details of the event:

Date: 18 July 2024

Time: 10:00am – 11:30am

Venue: Civic Centre, Suite 222, Rochdale Road Oldham OL1 1NL

Please report to Rochdale Road Reception upon arrival

Please confirm your attendance by messaging on The Chest portal by 5pm on Friday 12 July 2024

Commented [JH1]: Will there be regular monitoring meetings taking place to ensure they are on targeted? Do we need to mention that - or will that be discussed at the event

Commented [CF2]: Subject to room availability
