

# Carlisle Southern Link Road

## Potential Principal Contractor Information Event

Friday 22 November 2019 (10.00am – 1.00pm)

Conference Room, Cumbria House, 117 Botchergate, Carlisle, Cumbria CA1 1RD

### What is CSLR

The Carlisle Southern Link Road will connect Junction 42 of the M6 with the A595 Newby West and will connect with Carlisle Northern Development route from the A595 to Junction 44 of the M6. Subject to planning permission we aim to construct the road from Spring 2021 to 2023. The 8km long 60mph road will include four new roundabouts, five cycle bridges and four road bridges and a cycle path on the northern side along its full length.

### What will be covered by the event

- A complete overview of the scheme
- An overview of the procurement process
- The Council's objectives and aspirations
- Opportunity for questions and feedback

### Who should attend

Principal Contractors who are interested in tendering, experienced in the delivery of medium to high value Civil Engineering projects and similar schemes. Company directors and or decision makers responsible for sales and tendering activities.

Contact the team for a booking form to book places in advance by emailing [procurement.events@cumbria.gov.uk](mailto:procurement.events@cumbria.gov.uk) (maximum 2 places per company)
