The Supplier will ensure that the Council receives the benefit of all guarantees and warranties provided by any such Suppliers of goods, works or services, either directly or through a collateral warranty agreement (as applicable).
- 4.1.6.6. The Supplier will make best efforts to secure compliance with the provisions in this clause 4.1 by its employees, agents and sub-contractors employed in the execution of the Contract.

4.1.7. The Council as a Local Authority

- 4.1.7.1. Nothing in the contract will prejudice, override, modify or in any other way affect the rights, powers, duties and obligations of the Council in the exercise of its statutory powers as a local authority, local planning authority, highway authority, fire authority or statutory undertaker.

Section 5 - Instructions to Suppliers

5.1. Communication with Suppliers

- 5.1.1. As noted above, the Council has adopted a web-based electronic supplier and contract management system to manage all Tender processes. Save as expressly provided otherwise in this ITT, all contact with the Council shall be made through ProContract. There should be no communications outside of the ProContract system.
- 5.1.2. Suppliers are welcome to contact the Council via ProContract 'Messaging' with reasonable frequency to discuss any aspect of the Procurement. Suppliers should not make any contact with any employee, member or advisors to the Council, without the Council's prior invitation or agreement, received in writing.
- 5.1.3. All questions and requests for clarification or further information may only be made, and will only be considered, if made by the date and time stipulated within the table at the start of this document. If a question or request for clarification or further information is made by the Supplier after the date and time identified within this document, and prior to the submission date for a Tender, the Council may, in its absolute discretion, endeavour to respond to the Supplier and provide any additional information to which the Council has access.
- 5.1.4. The Council shall not be obliged to comply with any such request and the Council does not accept any liability or responsibility for failure to provide any such information. If a question or request is made after the date and time identified in this document and prior to the submission date for a Tender, the Council may, in its absolute discretion, determine whether the circumstances are such that a final response is warranted or not.
- 5.1.5. The Council also reserves the right to disseminate information that is materially relevant to all Suppliers, even if the information has only been requested by one Supplier, subject to the duty to protect any Supplier's commercial confidence in its Tender. Should Suppliers wish to avoid such disclosure (for example, on the basis that the request contains, or the likely response will contain, commercially confidential information or may give another Supplier a commercial advantage) the request must be clearly marked "In confidence - not to be circulated to other Suppliers" on the front page of the document and by marking each relevant page of the document as "commercially confidential", and the Supplier must set out the reason or reasons for the request for non-disclosure to other Suppliers.
- 5.1.6. If the Council considers that, in the interests of open and fair competition, it is unable to respond to the question or request for clarification or further information on a confidential basis, it will inform the Supplier who has submitted it. The Supplier must respond in writing requesting that either the query be withdrawn or treated as not confidential.
- 5.1.7. It is imperative that Suppliers are clear in every request for information/question submitted to the Council the extent to which that request/question is commercially sensitive and/or confidential. Any statement requesting that the response to the request/question is to be kept confidential should be well constructed, thought out and meaningful and not simply a broad statement that covers matters clearly in the public domain or not commercially sensitive.
- 5.1.8. Where a request for information or question is commercially sensitive or confidential but the point is of general application, a sanitised version of the question and answer may be circulated.

- 5.1.9. Any questions and requests for clarification or further information must be submitted to the Council in accordance with this ITT by the date and time identified in the table at the start of this document.
- 5.1.10. Information will be added to ProContract throughout the procurement process as necessary. Suppliers will be informed through notifications from the ProContract system whenever new or updated documents are added to the system.
- 5.1.11. It is the supplier's responsibility to keep its contact details on ProContract up to date or they will be unable to receive communications from the Council.

5.2. Submission of Tenders

- 5.2.1. Tenders must be submitted via ProContract prior to the Tender submission deadline no later than 14:00 on the date stipulated on the system. No late submissions, or Tenders received outside of ProContract, will be considered. Incomplete Tenders may be rejected on grounds of non-compliance.
- 5.2.2. Where forms require signing either by the organisation or a third party (e.g. a bank, Council, or insurer), electronically completed versions are acceptable for Tender purposes, although fully signed hard copies of any relevant forms will be required prior to Contract Close.
- 5.2.3. Each Supplier has access to a dedicated area on ProContract to allow them to upload their Tender. The submitted data cannot be accessed by any other Supplier.
- 5.2.4. It is the Supplier's sole responsibility to ensure that its Tender is correctly and properly loaded onto ProContract by the closing date and time stipulated on the system. ProContract records all attempts to upload information and is fully auditable in the event that a Supplier seeks to allege ProContract delays for a late submission (which, for the avoidance of doubt, the Council is not obliged to take into account).

5.3. Content of Tenders

- 5.3.1. Tenders must be provided in a typed A4 format. Any drawings must be no larger than A1. The electronic file(s) submitted should be readable with MS Office 2007 or Adobe Reader. The Council will make reasonable endeavours to open Supplier's file(s), however in the event it cannot open the file(s), the Tender may be rejected.
- 5.3.2. All prices submitted are to be presented in Pounds Sterling, exclusive of VAT.
- 5.3.3. Suppliers must enter Tendered prices in the form specified in the ITT. This must include the total price for the goods services or works, including all costs relating to the provision of the procurement.
- 5.3.4. Suppliers responses shall be prepared and submitted as a stand-alone submission, be clearly labelled and numbered and shall not cross refer to any separate information.
- 5.3.5. The Supplier shall provide a full stand-alone answer/mark-up of each document (and not cross-refer to other documents or sections of the submission (unless expressly permitted)) and provide all supporting information in the format requested and on the forms provided.
- 5.3.6. The Supplier shall ensure that each document complies with any page limitations, has a clear title and that each page contains the name of the Supplier and the page number.
- 5.3.7. Suppliers may elect to submit a European Single Procurement Document (ESPD) as part of their response to confirm that they meet the minimum standard requirements

as stated in Supplier Response – Part A. Suppliers who elect to submit an ESPD as part of their response are asked to ensure that they can meet the project specific minimum requirements as stated in Section 7 of the Supplier Response – Part A document.

- 5.3.8. Failure to submit any of the documentation requested may mean that the tender is deemed invalid.
- 5.3.9. Please do not refer the Council to company literature, brochures or any marketing or promotional material as answers to any of the questions unless it is specifically requested by the Council.
- 5.3.10. Each Tender shall be as concise as possible, whilst providing sufficient information to enable the Council to evaluate the Tender in accordance with this ITT.
- 5.3.11. All answers are to be in English. Documents which are not in the English language must be accompanied by an English translation and a certificate by a bona fide independent translator attesting the authenticity of the translation.
- 5.3.12. Where there has been any change in any information submitted to the Council at any subsequent time, such changes must be disclosed in full and clearly set out.
- 5.3.13. Each Tender will be regarded as commercially unconditional and capable of acceptance. The Council will not accept a Tender that remains subject to further due diligence. Suppliers must therefore ensure all comments raised by their legal, insurance, technical, financial advisors and funders are fully incorporated into their response.

5.4. Validity Period

- 5.4.1. Tenders must remain open for acceptance for a period of six months from the Tender return date.

5.5. Minimum Requirements

- 5.5.1. The Supplier Response – Part A – Minimum Requirements document sets out the minimum operational and legal requirements which suppliers must meet to be considered for inclusion in the list of those invited to tender. Suppliers must meet the minimum requirements outlined in the Supplier Response – Part A document in order to have the remainder of their response evaluated. If you cannot meet these minimum requirements, please do not proceed further with the ITT as your application will be rejected.
- 5.5.2. The Supplier Response – Part A document collects information on the supplier's organisation, financial status, professional and business standing and operating methodologies. It also collects information on the specific industry experience, capabilities and qualifications of suppliers to deliver the required services and requests further information about contracts that can be referenced.
- 5.5.3. Suppliers who self-certify that they meet the requirements will be required to provide evidence of this if they are successful at contract award stage.

5.6. Quality Evaluation

- 5.6.1. Project specific questions relating to the technical and professional ability of the supplier to deliver the required services will be asked in the Supplier Response – Part C document which is attached. Suppliers must respond to each question in this document following the instructions.

- 5.6.2. Suppliers must respond fully to each question and not simply refer to another answer or annexed document unless a question states that it is permissible.

5.7. Scoring Information

- 5.7.1. Project specific questions will be weighted in line with the Evaluation criteria as outlined within The Evaluation Process.

READ-ONLY

Section 6 – Submission Requirements

6.1. Submission Requirements

- 6.1.1. The tender documents have been structured in order for companies to quickly identify whether they are able to deliver the requirements for the contract.
- 6.1.2. Suppliers should review the specification and associated documents to fully understand the Council's requirements.
- 6.1.3. When submitting a response, suppliers must first complete the document 'Supplier Response – Part A – Minimum Requirements'. Each question of this document outlines the minimum requirements for the delivery of the contract and each question will be treated as pass or fail. If you cannot meet the minimum requirements outlined in these questions, please do not proceed further with the ITT as your application will be rejected.
- 6.1.4. You may contact the Council for advice through ProContract if you are unsure if your company meets the minimum requirements outlined in 'Supplier Response – Part A – Minimum Requirements' prior to the submission deadline and in accordance with the procurement timetable.
- 6.1.5. Suppliers should then move to complete and submit Supplier Response - Parts B – Pricing Evaluation and Supplier Response Part C – Quality Evaluation' of the Supplier Response documents.
- 6.1.6. Please complete and submit the document 'Supplier Response – Part B – Pricing Evaluation' to submit your pricing for this requirement.
- 6.1.7. Please follow the instructions within the document 'Supplier Response – Part C – Quality Evaluation' on how to respond to the quality evaluation criteria for this requirement.
- 6.1.8. Ensure that you complete and sign the document 'Supplier Response – Part D - Form of Tender and Anti-Collusion Certificate and Declaration'. Please note that an electronically scanned signature will be sufficient.

Section 7 - The Evaluation Process

LOT 1 – Town Centre leading into the Upper Lower Gardens and Pinewalk

Introduction

The evaluation process will be a two stage evaluation process as set out below. All suppliers that submit a valid tender response will be evaluated against the criteria shown below in Stage 1. The three highest scoring suppliers at the end of the Stage 1 evaluation will be invited to move to Stage 2 of the evaluation.

Stage 2 of the evaluation will require the three suppliers to provide a presentation to the Council. The three highest scoring suppliers scoring from Stage 1 will be carried across to Stage 2 and re-weighted in line with the scoring detailed in the table under Stage 2. There will not be a requirement to submit a new written submission.

However, in an instance where following the evaluation of the supplier's Quote Submission and Pricing Submission it is arithmetically not possible that the supplier will be successful if taken through to Stage 2 of the evaluation process, the supplier will be notified at this stage that they have been unsuccessful in the process and will not continue to the 'Presentation' stage (Stage 2).

Stage 1

The Stage 1 evaluation process will cover two areas:

Quality Score (60%)

Price Score (40%)

Supplier responses will also be subject to the pass/fail criteria as outlined in the Supplier Response document. If you cannot meet these minimum requirements, please do not proceed further with the ITO as your application will be rejected.

Quality Score (60%). Quality will be evaluated against pre-determined criteria and sub criterion as shown below. The weightings to be applied to Evaluation Criteria and any sub criterion where applied are also set below.

Evaluation Criteria Questions to be scored.

The following questions cover the specific requirements by the Council. Answers should be concise and include examples of relevant contracts to demonstrate experience wherever possible. Answers should not exceed 2 x A4 pages per question (font size 11).

	Evaluation Criteria	Criteria Weighting	Section Criteria	Sub-Criteria Weighting
1.	Operators Experience	10%	Experience	100%
2.	Design & Offering	30%	Offering	30%
			Quality and Feel	25%
			Visual Experience	35%
			Trading Outlets	10%
3.	Town Centre Location Operation	20%	Trades and Businesses	40%
			Infrastructure	30%
			Content and Attractions	30%
4.	Pinewalk Location Operation	5%	Trades and Businesses	40%
			Infrastructure	30%
			Content and Attractions	30%
5.	Catering & Alcohol Provision	15%	Bar Provision	35%
			Catering Provision	35%

6.	Entertainment and Noise Restrictions	10%	Live Entertainment	60%
			Noise Management	40%
7.	Health and Safety	10%	Management	50%
			Operational Requirements	50%

The highest total quality score will be awarded a maximum 100%. All the other returned tender quality scores will be given a % score relative to that. This will be done for each tender by dividing the quality evaluation scores by the highest quality evaluation score, multiplying by 100 and the resulting quality score is multiplied by the quality weighting of 60%. This will give a score for their tendered quality relative to the highest.

Tenderers shall note that a score of 0 (zero) against this Evaluation Criteria (Operators Experience, Catering & Alcohol Provision, Entertainment and Noise Restrictions and Health and Safety) will result in the Tender being rejected.

Price Score (40%). Pricing will be evaluated to ensure all relevant costs are visible and comparable, including sensitivity analysis where determined appropriate.

The highest quoted price will be awarded a maximum 100%. All the other returned prices will be given a % score relative to that. This will be done for each bid by dividing the organisation's quoted price by the highest quoted price, multiplying by 100 and then multiplying the product by 40%. This will give a score for their quoted price relative to the highest.

Stage 2

The Stage 2 evaluation process will cover two areas:

Quality Score (60%)

Price Score (40%)

Quality Score (60%). Quality will be evaluated against pre-determined criteria and sub criterion as shown below. The weightings to be applied to Evaluation Criteria and any sub criterion where applied are also set below.

	Quality Criteria Headings	Criteria Weighting	Sub-Criteria Weighting
1.	Operators Experience	60%	70%
2.	Design & Offering		
3.	Town Centre Location Operation

This will be done for each bid by dividing the organisation's quoted price by the highest quoted price, multiplying by 100 and then multiplying the product by 40%.
