This event has been developed and will be led by private sector companies with support from Greater Manchester Chamber and Wigan, Bolton and Bury City Council to help businesses in the regions benefit from construction opportunities in the local authority areas.

By working with the public sector, we want to help businesses understand what opportunities are available and how the tendering process works.

The event will focus on the development and construction opportunities and will feature presentations on specific projects.

Hosting the event will be Diane Elebert-Morgan, Property & Construction Manager GMCC, and Steve Williamson, MD, Parkinson
