# A Overall Scope and Nature of the Requirement

## A1 Summary

---

- A1.1 Edginswell Railway Bridge supports the A380 dual carriageway locally southwest bound on Hamelin Way, Torquay. This route is a primary throughfare for traffic into and out of Torbay.
- A1.2 The bridge is maintained by Torbay Council.
- A1.3 Surfacing and joints display defective condition requiring remediation.
- A1.4 This contract accordingly requires resurfacing works and replacement of both joints. The works will require associated temporary removal and reinstatement of traffic signal circuitry.
- A1.5 Due to its strategic importance the bridge is required to be maintained open as far as possible, works then being restricted to be contained within lane closures. Full (night time) closure of the bridge may be arranged by agreement for purposes of installation of the wearing course only.
- A1.6 Network Rail will be engaged to observe works' progress due to the proximity of the main rail line.

## **B Core Requirements**

This section sets out the Authority's core requirements for this Contract, which Applicants are required to demonstrate within their response that they are capable of meeting

- (a) In order to achieve any threshold set in relation to award evaluation criteria Applicants are required to establish within the relevant responses how they will meet these requirements.

### **B1 Specifications**

---

B1.1 The Contract includes the following specification documents:

- Part 2a WORKS SPECIFICATION
- Part 2b Specification & Appendix 02 900 Road Pavement

B1.2 The Contract also comprises the following drawings:

- Appendix B Pre-Construction Information Pack (PCIP)
- Appendix C Archive drawings 916-745W400 GA
- Appendix D 406 Archive drawings 916-745W406 Deck Layout
- Appendix E 3661 SD 07A 2 Standard Detail
- Appendix F 3661-10-4-15-1120-01 Location Plan
- Appendix G 3661-10-4-15-1120-03 Site Plan
- Appendix H 3661-10-4-15-1120-04 Work Detail
- Appendix I Kerswell Gardens T Light Design
- Appendix J Hamlyn T Light Design
- Appendix K1-5 - Utilities records

B1.3 Tenderers should refer to these documents for specification details/requirements.

## **C Additional Requirements**

This section covers any requirements that are not essential to the delivery of the contract but would be nice to have.

The ability to meet some or all of the contract specific requirements or offer further services in addition to meeting the core requirements, will attract a higher score.

### **C1 Social Value**

---

- C1.1 The Council is committed to its responsibilities under The Public Services (Social Value) Act 2012. Therefore the Council is seeking Participants who will add value to the Agreement by providing additional community benefits (above the services described within this specification).
- C1.2 The Council is committed to a performance and evidence based approach to Social Value.
- C1.3 Further information on the Council's approach to Social Value and resources to support you in your submission are available to bidders in Part 6 Social Value Requirement, Appendix M Do's and Don'ts for Social Value Bids, Appendix N The Torbay TOMs Framework.

### **C2 Further Services Offered**

---

The Applicant will be expected to suggest as part of its response to the Evaluation Questions any additional products or services that they may be able to offer as part of this Contract or any other added value that their offer might be able to bring to the Authority. Applicants are expected to build any such offers into their submissions regardless of whether specific questions are asked along these lines or not.
