COLLUSIVE TENDERING CERTIFICATE

TO: Ashford Borough Council
Civic Centre
Tannery Lane
Ashford, Kent
TN23 1PL

We certify that this is a bona fide tender, and that we have not fixed or adjusted the amount of the tender by or under or in accordance with any agreement or arrangement with any other person. We also certify that we have not done and we undertake that we will not do at any time before the hour and date specified for the return of this tender any of the following acts:

- (a) communicate to a person (outside this organisation) other than the person calling for those tenders the content of the proposed tender, except where the disclosure, in confidence, of the approximate amount of the tender was necessary to obtain insurance premium quotations required for the preparation of the tender.
- (b) enter into any agreement or arrangement with any other person (outside this organisation) that they shall refrain from tendering or as to the amount of any tender to be submitted.
- (c) offer or pay or give or agree to pay or give any sum of money or valuable consideration directly or indirectly to any person for doing or having done or causing or having caused to be done in relation to any other tender or proposed tender to the said work any act or thing of the sort described above.

In this certificate, the word 'person' includes any persons and body or association, corporate or unincorporated; and 'any agreement or arrangement' includes any such transaction, formal or informal, and whether legally binding or not.

ASHFORD BOROUGH COUNCIL, HOUSING SERVICES

THE EQUALITIES ACT 2010

This form must be completed, signed and returned with your tender. Failure to return the form or inadequate answers may result in your tender not being considered for acceptance.

Question	Answer
1. Is it your policy as an employer to comply with your statutory obligations under the Equality Act 2010 and, accordingly, your practice not to treat one group of people less favourably than others because of any protected characteristic in relation to: - recruitment and selection - promotion and transfers - training and development opportunities - pay and all other conditions of employment?	YES/NO
2. Is your equal opportunities/equality policy set out in: a) instructions to those concerned with recruitment, training and promotion; b) documents available to employees, recognized trade unions or other representative groups or employees; c) recruitment advertisements or other literature; appropriate training to staff and managers?	YES/NO
3. Do you make specific reference to removing barriers to equal access and opportunity and preventing discrimination or less favourable treatment on the grounds of gender reassignment or being transgender?	YES/NO
4. In the last three years, has your organisation been involved in any Employment Tribunal proceedings, including receiving an ET1 form, on the grounds of alleged unlawful discrimination?	YES/NO
5. If the answer to question 4 is affirmative what was the finding and what steps, if any, did you take in consequence of that finding?	

Signed:

CONDITIONS OF TENDER

RENEWAL OF FASCIA, SOFFIT AND RAINWATER GOODS – 24 UNITS – CYGNET WAY AND ENGINEERS COURT, ASHFORD, KENT

CONTRACT NO: GUTS/19/1

1. The Tender Sum must provide for all costs associated with the Description of Works in the Preliminaries and for satisfying all other obligations as set out in the Preliminaries and Specification.
2. The Total Tender must be exclusive of VAT, but in addition to the Total Tender the Contractor shall be entitled to claim from the Employer the amount of VAT properly chargeable on the component parts and service provided by him in the performance of the Contract.
3. The tender is to be priced in accordance with current legislation and the Instructions to Tenderers.
4. The essence of selective tendering is that the Employer shall receive bona-fide competitive Tenders from all persons tendering. In recognition of this principle, the Tenderer is to complete and return with his Tender the Collusive Tendering Certificate. Failure to do this may result in the disqualification of his Tender.
5. The Tenderer (whether his Tender is accepted or not) shall treat all documents relating to this Tender as confidential and in the event of a Tender not being submitted, all the enclosed documents must be returned to the Employer. The documents must not be passed or shown to any other person without the Employer's written consent.
6. The Employer shall not be bound to accept the lowest or any Tender and reserves the right to accept a Tender in part only.
7. The Employer shall not be responsible for, nor pay for, any expenses or losses which may be incurred by the Tenderer in the preparation of his Tender, or in respect of any cost associated therewith.
8. The Tender is to remain open for acceptance for 120 days from the date of submission of Tenders.
9. On submission of a Form of Tender duly completed and returned to the Employer in accordance with the provisions hereof a Tenderer will be deemed to have offered to carry out the services.
10. No Tender shall be deemed to have been accepted unless notified in writing.
11. The Tenderer shall in addition to the Form of Tender, fully price the "Schedule of Rates/Dayworks/Preliminary Costs/Schedule of Dwellings/Collection Sheet". Failure by the Tenderer to fully complete and return the Tender documentation may result in the Tender not being considered for acceptance.
12. The Total Tender is to include the contingency sum of **£5,000.00** which is to be expended only upon written instructions from the Contract Administrator.
13. The Form of Tender together with all documentation supplied by the Council to the submitting company must be duly completed and submitted to Ashford Borough Council via the Kent Business Portal <https://www.kentbusinessportal.org.uk/> no later than 14:30hrs on Thursday 13th June 2019.

14. If the Tenderer is a Local Authority the Form of Tender MUST be accompanied with a signed statement in respect of Work undertaken by the Local Authority/DSO for bodies pursuant to the Local Authorities (Goods and Services) Act 1970 and under Section 111 of the Local Government Act 1972. The Statement must contain a general description of all Works undertaken by the DSO identifying.
- i) Whether such Work is undertaken for the DSO Authority of some other body and, if some other body, the name of that body and the value of the Works.
 - ii) The Value of each aspect of Work.
 - iii) The Percentage (by value) of all Work undertaken for bodies other than the DSO Authority in relation to the total value of the Work undertaken by the DSO.

Failure to provide such a statement in a clear and readily understandable format may render the tender invalid.

INSTRUCTIONS TO TENDERERS

IMPORTANT – PLEASE READ BEFORE PRICING THIS TENDER

15. The Conditions of Contract shall be the JCT Agreement for Minor Building Works 2011 Edition (incorporating Amendment 1) and amended as set forth in the Schedule of Insertions/Deletions in the Contract. In addition the following provision shall be deemed incorporated. Where an appropriate Agreement, British Standard Specification or British Standard Code of Practice issued by the British Standard Institution or a recognised body of any member state of the EC is current at date of the tender, all goods and services used or supplied and all workmanship shall be in accordance with that Agreement and/or Standard.
16. The Tenderer is advised to visit the sites before tendering to ascertain all relevant local conditions, the full extent and character of the operation the accessibility of the site, the dimensions of the work and facilities for obtaining any special articles, and obtain generally his own information on all matters affecting the execution of the works. No claims arising for his failure to do so will be considered. Should the Tenderer wish to inspect individual properties, at least 24 hours written notice must be given if requested by the tenant, in order to comply with the Council's tenancy conditions.
17. At any time before a date fourteen days before the date specified in 13 hereof a tenderer may by communication to the Employer request information or raise any query in connection with the proposed contract or these Conditions of Tender.
18. No alteration, deletion or insertion shall be made by the Tenderer to the text or prices of the Tender documents and if any are so made, they will be invalid and Tenders may be rejected.
19. Where the Specification includes detailed schedules of work, the scheduled items are to be individually priced and the whole document returned with the Tender.
20. The Tenderer must specify at the time of tendering any additional guarantees he is prepared to offer.
21. The prices entered by the tenderer shall include for all cost including (but not restricted to) all labour, materials, transport, plant, tools, machinery costs, expenses, overheads and profit necessary to properly execute and complete the Work in accordance with this contract.
22. No claim for extra costs due to the rates being inadequate will be allowed, and self-measurement where necessary is deemed to be included.
23. The prices entered should allow for access and working platforms as necessary to be used during the course of works up to two metres high.

Continuation Contracts

24. On satisfactory performance of this contract the Contractor may be offered additional contracts for works of a similar nature in the current or next financial year (April to March) at the same terms and rates herein. These 'continuation' contracts may be awarded for a further one financial year from the first continuation. No guarantee of such continuation contracts is given. To be considered the Contractor will need to meet or exceed our evaluation criteria. Any measures which the Contractor proposes in the way of 'continuous improvement' will also be strongly influential.
25. The Contract Administrator will, on a weekly basis, assess the Contractor's performance against the evaluation criteria detailed in the 'Contractors' Performance Appraisal' sheets and attached in the Appendix. The Contractor must achieve a rating in excess of 80% to be considered for subsequent contracts.
26. Failure of the Contractor to be awarded subsequent contracts will not entitle the Contractor to any claims for loss of profit or other injury as no commitment has been given by the Employer for such award(s) and the Contractor should take this into account when pricing the separate phases.
27. In considering the award of continuation contracts, the contractor will need to demonstrate that they have and can maintain sufficient capacity in all respects to perform the works satisfactorily.
28. If an extension to the Contract is accepted by the Contractor, the tendered rates as set out in the original tender document will be fixed throughout the duration of the extended Contract and will not be subject to any annual uplift.
29. The Contractor has the right to decline any offer of a continuation contract and this will not affect their eligibility for future tendering opportunities or assessments.

Best Value

30. The Council is obliged to recognise and adopt the Government's best value principles.
31. The Contractor shall provide assistance as may be reasonably required to the Council in implementing the best value principles in so far as they relate to and embrace the Works. Such assistance may include (but shall not be limited to):
 - Participating in the Council's performance measurement and review arrangements.
 - Assisting the Council's external auditor or other appropriate agency in its verification of best value performance.
32. The Employer and Contractor will use their best endeavours to meet the letter and spirit of Best Value and Best Value in Housing legislation.
33. This legislation is concerned with ensuring that all elements to the contractual arrangement share end and means and will work to bring the best possible out-turn for the employer.
34. The process and product of the contract will be constantly reviewed by all parties to it, in order to ensure that at all times it is subject to best practice.
35. The nature of the Client/Contractor relationship is that of partnering process and outturn. Both parties to the contract will use their best endeavours to ensure best value throughout the life of the contract.

1.00 PRELIMINARIES

1.01 TENDER DOCUMENTS:

Form of Tender
Collusive Tendering Certificate
Race Relations Declaration
Conditions of Tender
Preliminaries
Specification
Schedule of Rates
Dayworks
Preliminary Costs
Schedule of Dwellings
Collection Sheet
Pre-Construction Information
Tender Evaluation Criteria
Appendices; Contractor's Performance Appraisal, Satisfaction Note, Access to Premises Protocol

1.02 NAMES OF PARTIES:

EMPLOYER

Ashford Borough Council, Civic Centre, Tannery Lane, Ashford, Kent, TN23 1PL

CONTRACT ADMINISTRATOR

S. Williams (or her duly authorised representative)
Ashford Borough Council, Civic Centre, Ashford, Kent, TN23 1PL Tel. No. (01233) 331111

PRINCIPAL DESIGNER

Ashford Borough Council, Civic Centre, Ashford, Kent, TN23 1PL (Contact: Mr J Young)
Tel. No. (01233) 330865

1.03 DEFINITIONS

Contract means: Form of Contract, Form of Tender, Collusive Tendering Certificate, Race Relations Declaration, Conditions of Tender, Preliminaries, Specification, Schedule of Rates, Dayworks, Preliminary Costs, Schedule of Dwellings, Collection Sheet, Pre-Construction Information, Tender Evaluation Criteria, Appendices; Contractor's Performance Appraisal, Satisfaction Note, Access to Premises Protocol, Method Statement

Contractor means: The person, whose tender is accepted by the Employer.

Total Tender means: The total sum, set forth in the Form of Tender annexed hereto.

Reference in these contract documents to 'Ashford Borough Council' or 'the Council' will be deemed to mean 'the employer' as stated in 1.02 above unless the context shows that it is obviously different.

1.04 SITUATION OF SITES

Ashford:	Cygnets Way	TN23 4GF
	Engineers Court	TN23 1NZ

1.05 DESCRIPTION OF WORKS

Replacement of fascia, soffit and rainwater goods.

1.06 DEFINITIONS AND INTERPRETATION

The following definitions shall be used for the purpose of interpreting the contract and all documents relating thereto:-

Contract means: the Form of Agreement, JCT Agreement for Minor Building Works 2011, Form of Tender, Collusive Tendering Certificate, Race Relations Declaration, The Conditions of Tender, The Specification, The Schedule of Rates, The Appendices A-G, Contractor's Method Statement.

Contractor means: the tenderer whose tender has been formally accepted by the Employer.

Contract Period means: the period commencing 5th August 2019 to 27th September 2019.

Current Regulations means: those in force at the time of tendering.

Dayworks means: a pricing mechanism for works not covered by the Schedule of Rates. Comprises all hourly rates for operatives plus the net cost for materials and plant, uplifted by a tendered percentage. Defined in RICS publication.

Existing Structures means: The building or buildings owned by the Employer and in which the Works are to be carried out.

Materials means: all materials, fixtures, fittings and ancillary items used by the Contractor and incorporated into the finished work.

Normal working hours means: 08.00 to 17.30 inclusive Monday to Friday excluding Bank Holidays

Plant means: items of specialist equipment needed to carry out the works but shall not include those items that could, in the opinion of the Contract Administrator, reasonably be expected to be regularly used by the Contractor.

Plant shall only be used on those works that warrant the use of specialist equipment. If in doubt the Contractor shall clarify whether an item will be treated as "plant" with the Contract Administrator before hiring the same.

Weekday means: Monday to Friday inclusive (excluding English bank holidays)

Work means: the matters described in Item 1.05 of the Preliminaries including any goods or materials to be supplied by the Contractor and any variations or additions thereof arising under the Contract.

1.07 FORM OF CONTRACT

The form of Contract shall be the Minor Works Building Contract issued by the Joint Contracts Tribunal Ltd. 2011.

1.08 AMENDMENTS TO FORM OF CONTRACT

Recitals

- 1st Recital After the words "the Employer wishes the following work carried out" insert "The provision of a Roofline Refurbishment Contract." After the words "to be carried out under the direction of" insert "Sharon Williams, Head of Housing." The words "the Architect" shall be deleted. The words "drawings numbered" (hereinafter called "The Contract Drawings") shall be deleted.
- 2nd Recital delete [all reference to "Contract Drawings"]
- 3rd Recital delete "or Work Schedules"
- 4th Recital delete
- 5th Recital delete

Articles

- Article 2 delete
- Article 3 insert "Sharon Williams, Contract Administrator"
- Article 4 delete
- Article 5 delete

- 1.1 – CDM Planning Period insert the words "from award of Contract until commencement of construction" after the words " shall mean the period"
- Clause 1.8 shall be inserted: All materials shall conform and work shall be done to the standards required for compliance with the regulations, standards and codes of practice in force at the time of installation or execution.
- Clause 2.2 delete and substitute with; "the contract period shall be the period commencing 5th August 2019 and end on 27th September 2019"
- Clause 2.2 Date for Commencement of the Works - Insert "August 2019"
- Clause 2.2 Date for Completion: Insert "8 weeks after commencement"
- Clause 2.2 delete "may" and substitute with "shall"

1.08 AMENDMENTS TO FORM OF CONTRACT (contd.)

- Clause 2.4 reference to Contract Drawings shall be deleted.
- Clause 2.8 Delete the first sentence and substitute with the following: If the works are not completed by the Date for Completion stated in the Contract Particulars or by any later Date for Completion fixed under Clause 2.7 then the Contractor shall pay to the Employer liquidated damages at the rate of $(F \times D) + (A \times U)$ per week for every week during which the work remains uncompleted where:
- $F = \text{£}15.58$
 $A = \text{£} 6.27$
 $U =$ The number of units in respect of which works remain uncompleted
- Clause 2.10 After the words "Rectification Period" insert "twelve months from completion of all properties on the contract"
- Clause 3.7 delete
- Clause 4.2 delete
- Clause 4.3.2 delete
- Clause 4.8.1 insert "15 working days"
- Clause 4.11 and Schedule 2 Delete
- Clause 5.3.2 Insert "10 million"
- Clause 5.4A delete
- Clause 6.6 add the following; "The Employer shall be entitled to cancel the contract and to recover from the Contractor the amount of any loss resulting from such cancellation:
- (1) If the Contractor shall have offered or given or agreed to give any person any gift or consideration of any kind as an inducement or reward for doing or forbearing to do or for having done or forborne to do any action in relation to the obtaining or execution of the Contract or any other Contract with the council, or for showing or forbearing to show favour or disfavour to any person in relation to the Contract or any other contract with the council or if the like acts shall have been done by any person employed by him or acting on his behalf (whether with or without the knowledge of the Contractor), or if in relation to any Contract with the council, the Contractor or any person employed by him or acting on his behalf shall have committed any offence under the Prevention of Corruption Acts 1889 to 1916, or shall have given any fee or reward the receipt of which is an offence under Section 117 (2) of the Local Government Act 1972.
- (2) If the Collusive Tendering Certificate shall be found to be untrue in any respect.
- Clause 5.4B delete and substitute with by the following: "The Employer shall insure against loss or damage to the existing structures by fire, lightning, explosion, storm, tempest and such other risks as the Employer shall consider expedient"
- Clause 6.4 delete and substitute with the following: "If the Contractor without reasonable cause (in the absolute opinion of the Contract Administrator) fails to proceed diligently with the Work in strict accord with the Specification or wholly or partially suspends the carrying out of the Work, the Contract Administrator may give notice to the Contractor which specifies the default and requires it to be ended.
- Clause 6.4.2 delete

1.09 CONTRACT ADMINISTRATOR

The Contract Administrator or her nominated representative(s) shall act on behalf of the Council for the purpose of the Contract and shall have the authority to issue instructions to the Contractor on matters relating to the performance of the Contract.

1.10 DOCUMENTS MUTUALLY EXPLANATORY

The Contract is formed from several documents and shall be taken as being mutually explanatory of each other, any anomalies or discrepancies shall be referred to the Contract Administrator for clarification. Any such clarification shall be confirmed to the Contractor in writing by the Contract Administrator.

1.11 TENDER RATES

Nothing contained in the Tender documents shall modify, affect or override the interpretation or application of any paragraph in the Specification.

The Tendered rates in the Form of Tender and “Schedule of Rates/Dayworks/Preliminary Costs/Schedule of Dwellings” shall be fixed for the duration of the Contract, and include for all expenses to properly execute and complete the works.

The Tendered rates should include for all costs including (but not restricted to) all labour, material, transport, plant tools, machinery costs, expenses, overheads and profit necessary to properly execute and complete the work. No claim for extra costs due to the tendered rates being inadequate will be allowed.

1.12 PERIOD OF CONTRACT

The period of Contract will be 8 weeks from commencement.

1.13 PROGRAMME OF WORK

Within fourteen days of the date of the Form of Agreement the Contractor shall submit to the Contract Administrator for approval a Programme of Work. The programme shall detail on a week by week basis the order in which the Contractor proposes to undertake the Works to all the properties listed in the Schedule of Dwellings.

1.14 CONTACT POINT

The Contractor shall ensure that sufficient business telephone lines are available for the purpose of receiving incoming calls in respect of this Contract during normal working hours. This telephone number must be provided to the Contract Administrator at least 2 weeks prior to the commencement of the Contract.

The Contractor shall also ensure that all supervisors and key personnel employed on the Contract are provided with mobile phones, details of which are to be supplied to the Contract Administrator prior to commencement of the contract.

1.15 CONTRACT SUPERVISION

The Contractor shall ensure that a competent and qualified full time foreman is in attendance during 'normal working hours' to oversee and organise the progress of the Works. Such foreman shall be expected to be on site during the works and must be able to receive and act upon (on behalf of the Contractor) all instructions, directions or orders issued by the Contract Administrator. Instructions issued to the foreman will be deemed to have been issued to the Contractor. The foreman must liaise regularly with the tenants of the properties where works are in progress, preferably the day before, but in no case later than 9.30 a.m. on the day. Tenants must be aware if operatives are to be expected and if so what work will be carried out. The Contractor shall also ensure that the foreman is supplied with a mobile phone. The foreman will conduct their own snag of the works and; have any appropriate remedial works carried out before declaring the works ready for inspection by the Contract Administrator. Any subsequent defects identified shall be completed by the contractor within 7 days of notification.

1.16 EXTENT OF THE WORKS

The quantity and extent of the works specified will be at the Contract Administrator's discretion and no minimum or maximum amount of work to each property is guaranteed.

1.17 SCHEDULE OF RATES

Nothing contained in the Schedule of Rates shall modify, affect or override the interpretation or application of any provision contained elsewhere in the Contract documents.

The tendered prices in the Schedule of Rates shall be fixed for the duration of all Contracts awarded.

The tendered Schedule of Rates prices and Dayworks rates, shall be deemed to include for all costs including (but not restricted to); all labour, material, transport, plant, tools, machinery costs, expenses, overheads and profit necessary to properly execute and complete the Works. No claim or extra costs due to the tendered sums being inadequate will be allowed.

The Contractor shall provide all materials necessary for the execution of any work he is required to carry out under the contract and shall be responsible for the safe storage of such materials on site.

1.18 NON-SCHEDULE OF RATES ITEMS

Where there is no item in the Schedule of Rates for any part or parts of the Works it shall be valued by the Contract Administrator on a fair and reasonable basis having first regard to the tendered Schedule of Rates where applicable on a pro rate basis.

In the event of the Contract Administrator approving the use of Dayworks the Employer will pay to the Contractor the appropriate Tendered Daywork rates.

1.19 DAYWORKS

The Prime Cost of Dayworks shall be defined under the "Definition of Prime Cost of Daywork Carried out Under a Building Contract", as published by the Royal Institution of Chartered Surveyors and the Building Employers Confederation dated 1st December 1975. The percentage adjustment in the schedule of rates for materials and plant will be the percentage adjustment to the prime cost to cover incidental costs, overheads and profit as defined in Section 6 of the Definition of Prime Cost of Daywork Carried out Under a Building Contract.

1.20 WORK RECORDS AND TIMESHEETS

The Contractor shall keep proper work records and time sheets, showing the time worked by the people in his employ in and about the execution of the Contract and produce such whenever required for inspection by any person authorised by the Employer.

1.21 PERFORMANCE OF WORK

The Contractor will confirm with the tenant, as soon as practicable, dates and times for the execution of the Works, providing at least seven days' notice of commencement to ensure access when required. Once arrangements have been made with the tenant, the Contractor must confirm with the Contract Administrator the dates prior to commencement of the Works. Any problems with obtaining access should be reported to the Contract Administrator immediately. Every effort is to be made by the Contractor during the course of the Work to ensure that the continuity of services is maintained. The Contractor shall give a card to the tenant giving his name, address and telephone numbers for both in office hours and out of office hours.

The Contractor will only be allowed to advertise in a manner approved by the Contract Administrator.

The Contractor shall inform the Contract Administrator when existing hidden work is exposed. Such work is not to be covered prior to an inspection by the Contract Administrator.

The contractor will be expected and encouraged to maintain a consistent team of operatives dedicated to this and any continuation contracts. This is important to ensure good communications between contractor and employer and mutual understanding of expected levels of workmanship and methods of performing the works. It is in the contractor's interest to provide a consistent team as agreed methods working practices and standards of workmanship etc. conveyed to the foreman verbally or in writing will be expected to be disseminated to all operatives and applied thereafter across all properties. No exemptions will be given to new operatives on site who are not familiar with the agreed site practices.

If the Contractor is unable to complete the Works within the specified period he shall immediately notify the Contract Administrator stating the reasons/events for delay and the extent of the delay. Consideration will be given to an extension of time calculated in accordance with the contract.

1.22 TEMPORARY SUPPLIES

The Contractor shall provide and include for any temporary water supply or temporary lighting and power he may require for the Works and pay all fees and charges in connection therewith and remove the same on completion. Alternatively the Contractor should allow in his prices the costs of reimbursing the tenants if their power supplies are used.

1.23 MANAGEMENT ON SITE

Adequate site storage facilities and skips for materials and plant must be provided and sited in a position approved by the Contract Administrator. The storage of materials in the individual properties will not be acceptable.

The Contractor is to maintain excellent communications with the tenant and provide at least 24 hours' notice of his need for access to undertake work each day in order to comply with the Council's tenancy conditions.

The Contractor is requested to provide an 'outside normal working hours' contact telephone number for emergencies or call outs.

The Contractor shall be responsible for all damage or loss caused by or arising from the work including tenants' fixtures, fittings and possessions.

Care is to be observed when placing ladders, etc., against roofs, walls, etc., and the Contractor will be required to put right any subsequent damage or disturbance to decorations, structure and grounds caused.

1.23 MANAGEMENT ON SITE (contd.)

As a minimum the Contractor shall provide all personnel employed by him or engaged upon the work with a form of identification approved by the Contract Administrator which must contain the following details:

- (1) Photograph of Operative
- (2) Operative's Name
- (3) The Contractor's Name, Address and Telephone Number

This identification card shall always be worn clipped to the overalls when calling at tenants premises.

The Contractor is to protect all trees, shrubs and flowers except those that must be removed to enable the works to be executed and to replace any that become damaged at his own expense.

The Contractor will be responsible for finding suitable locations for skips and storage etc., approved by the Contract Administrator, and obtaining licences where required.

Plant, materials and waste should be stored in a tidy manner to keep obstruction and/or nuisance to a minimum. No materials are to be stored in the open.

On completion of the works the Contractor is to thoroughly clean the site and remove all splashes, debris, rubbish and accumulated materials relating to the works.

The Contractor is to maintain and protect public roads and footpaths, including statutory services and similar undertakings, and is to make good or pay for any reinstatement of all damage thereto.

Any water used shall be potable.

Welfare facilities and storage on site

The Contractor will be required to provide (in accordance with the Construction Regulations) and properly maintain in use the site facilities shown below. Their location is to be agreed with the Contract Administrator and (with the exception of skips) must be contained within one site compound fixed for the duration of the contract period unless otherwise directed by the Contract Administrator:

1. Site Hut (heated) – to provide temporary site office and mess facilities, to include the provision of table; chairs; washing facilities including hot and cold (or warm water), basin or bucket, waste water collection/disposal, soap and towels.
2. Materials Storage Container – central storage for unfixed materials on site and plant
3. Portaloo
4. Skip (separate skip for Asbestos waste as required – must be within compound)
5. Recycling Storage

'Compound' will be deemed to mean an area fenced off with 2m high proprietary galvanised wire fencing panels.

The cost of these facilities is to be included in the Schedule of Rates under "Preliminaries". The contractor is to assume there will be no charge for the land occupied by the site compound.

1.24 PARTY WALL ACT AND ENCROACHMENT

The Contractor to notify the Contract Administrator immediately if the proposed works necessitate a notice to be served

If the execution of Works requires that workmen must enter upon property adjoining the Works, the necessary permission must first be obtained by the Contractor. The Contractor shall indemnify the Employer against any claim or action for damages on account of any trespass or other misconduct of his employees. Workman will be allowed only into such parts of the site and buildings as may be necessary to execute the Works.

1.25 MATERIALS AND WORKMANSHIP

Unless otherwise specified where an appropriate Agreement, Standard Specification or Standard Code of Practice issued by either the British Standards Institution or a recognised body of any member state of the E.C. is current at the date of tender, all goods and services used or supplied and all workmanship shall be in accordance with that Agreement and/or Standard, free from flaws or defects. The Contract Administrator shall have full power to reject any materials or workmanship which in his opinion are unsuitable for the purpose for which they are intended or are not in accordance with the specification. Any materials and workmanship rejected shall be removed from the site and proper materials or workmanship substituted therefore at the Contractor's expense.

1.26 DEFECTIVE MATERIALS OR IMPERFECT WORK

If at any time the Contract Administrator shall disapprove of any of the materials employed, the Contractor is to forthwith remove such materials from the site and to substitute others of approved quality and where any portion of the Works executed shall be considered defective or imperfect, or not in accordance with the terms of the Contract, such defective or imperfect Works shall be forthwith removed and the Works re-executed in an approved manner at the Contractor's own cost.

If the Contractor fails to remove or make good any defective or unsatisfactory work within seven days of notification, the Contract Administrator shall, at his discretion, have the power to complete or rectify the work using an alternative Contractor and shall, in so doing, have an overriding duty to mitigate his loss. Any costs involved in the rectification of the work, shall, at the Contract Administrator's discretion, be re-charged to the original Contractor and the amount deducted from any monies outstanding to the original Contractor.

For avoidance of doubt this includes snagging items. The Contractor is expected to conduct his own snag of the works in accordance with clause 1.15. If any defective items are noted at the sign-off inspection by Contractor and C.A. they must be rectified within 7 days.

Should any claim for payment be rejected by the Contract Administrator due to defective workmanship or materials, the Contractor will be required to carry out remedial works at his own expense within seven days of notification by the Contract Administrator of defective work. Once completed the Works will be subject to re-inspection following receipt of the re-submitted invoice.

1.27 INVOICE AND PAYMENT

Prior to the submission of an invoice a joint visit will be required to agree the schedule of rates used and any additional works.

To avoid the risk of rejected invoices necessitating re-submission and inherent delay, the process for invoicing and payment will be; applications for payment, agreement of figures, invoices and pay. Described as follows:

Application for payment: the contractor submits his draft account of completed works to date itemising all the SOR items and the relevant measures for each property and in accordance with the contract. The valuation and payment process will run on a 28 day cycle in accordance with the contract.

Agreement: The Contract Administrator will check the application for payment for correctness and confirm the figures are correct or identify discrepancies within 7 days. Once the figures are agreed the contractor is to submit his invoice to reflect the agreed amounts.

1.27 INVOICE AND PAYMENT (contd.)

Invoice and payment: Once the invoice is received it will be processed immediately for payment, subject to all other conditions for payment (e.g. supporting documents, certificates provided etc.) having been met. Invoices must show the correct date of submission or else risk being rejected. The Councils' finance team operate a weekly cycle of payments. Payment certificates are processed on a Thursday morning. Payments into suppliers/contractors accounts are made on a Tuesday. Payment will be made by BACS on the Tuesday that falls on or immediately before 14 days after the interim valuation due date. Payments can only be made when in receipt of a valid VAT compliant invoice.

Invoices will only be processed for payment if supported by; a detailed breakdown of the amount claimed and approved, all relevant electrical certificates (include. Part P certification of compliance), Gas safety certificates where applicable and a Tenants Satisfaction Note.

Valuations for payment will be determined using the actual measured quantities fitted on site (priced in accordance with the tendered rate in the appropriate Schedule of Rates item. No additional payments will be made for product wastage unless it is in excess of that which is considered to be normal for this type of work and this will be at the Contract Administrator's absolute discretion.

Paid measurements will be in whole units with measures ≥ 0.5 rounded up.

No payment in respect of any individual property will be made unless all the Works detailed in a specified item in the Schedule of Rates and all Works listed to be carried out have been duly completed to the reasonable satisfaction of the Contract Administrator.

No valuation will include any element for unfixed materials stored on site unless specifically agreed with the Contract Administrator prior to their delivery.

Should any sum of money become payable by the Contractor to the Employer, then such sum or part thereof may be deducted by the Employer from any monies due to the Contractor whether arising from this contract or otherwise.

The Employer's Deputy Chief Executive may require information and documents relating to accounts/invoices in order that an audit may be undertaken prior to any payment.

1.28 VARIATIONS

Where the Contract Administrator issues variations to the works, the Contractor must detail and price such in the application for payment invoice.

Any addition to, omission from, or any other change to the works, may be made by the Contract Administrator at any time. Where this involves delay consideration will be given to extending the contract period.

1.29 STATUTORY OBLIGATIONS, NOTICES, FEES AND CHARGES

The Contractor shall comply with and give all notices required by statute, or any statutory instrument, rule or order or any regulation or by-law applicable to the works and shall pay all legally demandable fees which will be deemed to be included in the tendered rates.

1.30 EFFECT OF CERTIFICATES

No certificate of the Contract Administrator shall of itself be conclusive evidence that any work, materials or goods to which it relates are in accordance with this Contract except where and to the extent that any of the particular qualities of any materials or goods or any particular standard of an item of workmanship was described expressly in the Specification or Schedules of Work or in any instruction issued by the Contract Administrator to be for the approval of the Contract Administrator or to be to the satisfaction of the Contract Administrator.

1.31 VALUE ADDED TAX

The sum or sums due to the Contractor under the Contract are exclusive of value added tax and the Employer shall pay to the Contractor any value added tax properly chargeable by the Commissioners of Customs and Excise.

1.32 HEALTH AND SAFETY

The Contractor shall at all times during the Contract period comply with the requirements and provisions of the Health and Safety at Work Act 1974 and further at his own cost must provide and maintain welfare and safety measures up to the standard outlined in the (including latest amendments of) Construction (General Provisions) Regulations 1961 S.1 1580, as amended S.I 1988 No. 1657 and S.I 1989 No.635 the Construction (Lifting Operations) Regulations 1961 S.I 1581, as amended by S.I 1989 1141 the Construction (Working Places) Regulations 1966 S.94, The Construction (Health and Welfare) Regulations 1996 S.95, as amended by S.I 1980 No.1248 and S.I 1981 No.917 and where applicable the Work Place Health Safety and Welfare Regulations 1992, and The Factories Act 1961, Electricity at Work Regulations 1989 No.653 1990 both as regards his own work people and for the work people of the sub-contractors or specialist firms employed on the site under the supervision of the Contractor, also occupants of premises, or the public using premises, or employees of the Employer visiting the premises which are the site of works order under this Contract.

The Contractor shall allow for suitable, heated, welfare facilities, serviced with hot and cold running water and WC facilities. There should be a rest area and means of heating food and drying clothes etc. The Contractor must allow for providing and maintaining power services and to relocate the facilities as necessary to be conveniently accessed, as the contract progresses from area to area.

In the carrying out of the work or services under this Contract the Contractor, and all his employees' sub-contractors and any other person working to his order shall observe all provisions statutory or otherwise.

The Pre-Construction Information (annexed hereto) is a compilation of information regarding the significant health and safety risks relating to the project, which the principal Contractor will have to manage during the course of the works. The Contractor should take this information into account when preparing his tender, and price accordingly.

A method statement and/or risk assessment is required from the Contractor, and should be included in your tender submission.

Construction (Design and Management) Regulations 2015

The Contractor shall at all times comply with the requirements and provisions of the Construction (Design and Management) Regulations 2015.

A method statement and/or risk assessment is required by the Contractor, and should be included in your tender submission.

The Principal Contractor is responsible for developing and preparing the Safety File for this project. The completed Safety File will be passed to the Employer at Practical Completion

The Principal Designer will be the Contract Administrator.

1.33 ASBESTOS

Working with Asbestos: When carrying out work of any kind on asbestos based materials particular attention is drawn to Ashford Borough Council's Code of Practice, the Control of Asbestos Regulations 2012 and Statement of Policy on asbestos which will be strictly enforced and is available on request.

1.33 ASBESTOS (contd.)

The employer will commission asbestos surveys where appropriate to identify and make the contractor aware of any Asbestos Containing Materials (ACM's) so far as is reasonably practicable that might be disturbed by the works before they start. If there is any doubt as to the likely presence of any ACM's then a survey will be requested. If there is very good reason to presume there are no ACM's present (e.g. age of property or significant preceding negative surveys for similar properties) then no survey will be done for that property in advance.

In any event, the Contractor must be aware that ACM's may be discovered during the course of the works. It is therefore essential that all operatives have received Asbestos Awareness Training in the last two years and are fully conversant with the Contractors RAMS in this regard. In particular all operatives must be aware of the emergency procedures should an ACM be disturbed AND likely to have released fibres above the control limit.

The Contractor will be required to submit his asbestos related RAMS and Asbestos Policy prior to the works starting together with records showing the asbestos training of operatives so that an assessment of their asbestos competency can be undertaken.

The employer expects the Contractor to be fully conversant with the types of ACM's that are typically encountered with this type of work and in this archetype and the relative regulations ACoPs and HSE Asbestos Essentials Information sheets such that they are aware what work requires an asbestos licensed contractor and what work is notifiable to the HSE. The expectation is that the Contractor will use its own operatives to undertake any un-licensed non-notifiable works in a safe approved manner. If the Contractor chooses to use a licensed contractor for unlicensed non-notifiable works the employer will not entertain any claims for additional costs incurred. When pricing the SOR for removal and disposal of ceilings and floor tiles the Contractor is to presume these are ACM's and allow for all additional costs in their price.

The contractor will be required to provide waste consignment notes and Plans of work for all ACM's removed. In addition, where works are notifiable a copy of the ASB5 notice to the HSE will be required as well as Certificates for re-occupancy. The employer will provide the analyst to supervise licensed works, monitor air quality and complete the four stage clearance tests of enclosures.

The Employer required all notifiable works to be undertaken by a Licensed Asbestos Removal Contractor.

1.34 ENVIRONMENTAL POLICY

General building materials shall be sourced from a supplier holding ISO14001 certification, proving environmentally aware management systems.

The Contractor is responsible for recycling or disposing of waste at approved disposal sites and shall include the costs thereof within his tender. Waste is to be cleared from dwellings at the end of the day. On no account is waste to be stored in gardens, not even on a temporary basis.

Waste arising from works that is not recyclable is to be stored in enclosed, skips until full. All full skips must be removed from site immediately. The Contractor is responsible for supplying all skips required and finding suitable locations for them. The Contractor is also responsible for obtaining all licences and approvals required.

The Contractor will implement and observe the Employer's Code of Practice for noise and dust from construction sites. If the works specified require the use of a substance and there is a choice available of two or more substances that are similarly priced then the Contractor will give preference to the substance which causes the least environmental harm and then the substance that is produced by the least environmentally damaging process. In particular the Contractor will avoid the use of peat or CFC blown insulation or packing and avoid the use of the most hazardous wood preservatives.

1.35 ENVIRONMENTAL STATEMENT

We are becoming more aware of the pressures we are putting our planet under, global warming and resource management are of the most concern. The Stern report and the Government reassure us "it's good business to be "Green", most believe the planet cannot sustain the human race unless we practice being "Green".

1.36 DEFECTS LIABILITY

Upon completion of all specified Works the Contract Administrator shall issue a certificate of practical completion and the defects liability period will commence. The defects liability period for the works shall be for a period of 12 months from the certified date of practical completion.

Any defects, shrinkages or other faults which arise and/or are identified and are notified by the Contract Administrator to the Contractor not later than 14 days after the expiry of the defects liability period, and which are due to defective materials and/or workmanship, shall be made good by the Contractor at no cost to the Employer. The Contract Administrator (with the consent of the Employer) reserves the right to elect not to have certain defects remedied and make appropriate deductions (to reflect the estimated saving to the Contractor) from retention monies held accordingly (see 1.38: Retention)

The Contractor will agree access with the tenant to rectify defective work giving reasonable notice. Any problems gaining access are to be reported immediately to the Contract Administrator.

Any defects or remedial work reported to the Contractor within the defects period are to be rectified as soon as possible and at the latest within 7 calendar days of the Contract Administrator informing the Contractor of the defect. Defects of any emergency nature, i.e. water/gas leaks and electrical faults, etc., are to be rectified immediately including out of office hours. If the Contractor cannot honour this obligation, the Employer may engage others to do the work and re-charge costs incurred to the Contractor.

1.37 DELAY OR NON-COMPLETION ON INDIVIDUAL PROPERTIES

In the event of the Contractor failing to carry out the Works to an individual property within the specified Priority Time of 15 working days (and the Contract Administrator not granting an extension of time) failing to attend to snagging within 7 days for notification or attending to defects in the defects period within 7 days the Contract Administrator shall have the discretion to impose one or more of the following in relation to that property:

- (a) Re-issue the Works to an alternative contractor. Any costs which occur due to re-issuing of Works shall, at the Contract Administrator's discretion, be rechargeable to the original Contractor and such amount deducted from any monies outstanding to the original Contractor.
- (b) Re-charge any additional administration costs relating to the delay incurred by the Employer in awarding any non-completed works to another Contractor.

1.38 RETENTION

The Employer shall be entitled to deduct a retention from monies due to the Contractor. This will be 5% of the value of completed work during the works. At Practical Completion half of this retention will be released (2.5%) with the remaining 2.5% being released at completion of Defects. The retention monies shall be released by the Employer to the Contractor at the end of the defects liability period subject to all defects being satisfactorily rectified and the provisions of clause 1.37 (Defects Liability).

1.39 SUB-CONTRACTING AND ASSIGNING

The Contractor shall not sub-contract the Works or any part thereof without the prior written consent of the Contract Administrator.

Such consent to be given or refused at the absolute discretion of the Contract Administrator.

1.39 SUB-CONTRACTING AND ASSIGNING (contd.)

The Contractor shall not assign the Contract.

1.40 INSURANCES

Injury to or death of persons

The Contractor shall be liable for and shall indemnify the Employer against any expense, liability, loss, claim or proceedings whatsoever arising under any statute or at common law in respect of personal injury to or death of any person whomsoever arising out of or in the course of or caused by the carrying out of the Works, except to the extent that the same is due to any act or neglect of the Employer or of any person for whom the Employer is responsible. Without prejudice to his liability to indemnify the Employer the Contractor shall take out and maintain and shall cause any sub-contractor to take out and maintain insurance which, in respect of liability to employees or apprentices shall comply with the Employer's Liability (Compulsory Insurance) Act 1969 and any statutory orders made thereunder or any amendment or re-enactment thereof and in respect of any other liability for personal injury or death shall be such as is necessary to cover the liability of the Contractor or, as the case may be, or such sub-contractor.

Injury or damage to property

The Contractor shall be liable for, and shall indemnify the Employer against, any expense, liability, loss, claim or proceedings in respect of injury or damage whatsoever to any property real or personal (other than injury or damage to the Works) insofar as such injury or damage arises out of or in the course of or by reason of carrying out of the Works and to the extent that the same is due to any negligence, breach of statutory duty, omission or default of the Contractor, his servants or agents, or of any person employed or engaged by the Contractor upon or in connection with the Works or any part thereof, his servants and agents. Without prejudice to his obligation to indemnify the Employer the Contractor shall take out and maintain and shall cause any sub-contractor to take out and maintain insurance in respect of the liability referred to above in respect of injury or damage to any property real or personal other than the Works which shall be for an amount not less than the sum stated below for any one occurrence or series of occurrences arising out of one event:

Insurance cover referred to above to be not less than £10,000,000 (Ten Million Pounds).

The Contractor shall upon request by the Contract Administrator or the Deputy Chief Executive, submit evidence of the insurances referred to above.

1.41 SALE OF COUNCIL DWELLINGS

The Council's tenants have a statutory right of purchase in accordance with the provisions of the Housing Act 1985. Accordingly it may be necessary for the Contract Administrator to direct that any particular dwelling shall be excluded from the Works, but the Contract Administrator may at any time during the course of the Works direct any dwelling so excluded shall be re-introduced. No claims for losses incurred by the Contractor in respect of omissions/additions will be allowed. Regard will be given by the Contract Administrator to the timing of additions and grant extensions of time if appropriate.

Houses not included in the schedule are deemed to be owner occupied and therefore no treatments whatsoever is to be carried out to any house or flat except on special instructions of the Contract Administrator.

The tenderer should note that there maybe leasehold properties included within this scheme, and as such the tenderer's prices will be disclosed to the leaseholders as part of a consultation process, prior to the contract being signed.

1.42 TENANTS ALTERATIONS

In some cases the Tenants of a property may have carried out alterations to the fabric or design of the building. In such cases the Tenants may have become responsible for the maintenance of the alterations that they have carried out, therefore, the Contract Administrator may direct that any element of the works that may have been subject to alteration by the Tenant shall be excluded from the works.

1.43 EQUALITY AND DIVERSITY

The Company shall:

- (a) perform its obligations under this Agreement (including those in relation to the Services) in accordance with:
 - (i) all applicable equality Law (whether in relation to race, sex, gender reassignment, age, disability, sexual orientation, religion or belief, pregnancy, maternity or otherwise);
 - (ii) the Client 's equality and diversity policy as provided to the Company from time to time; and
 - (iii) any other requirements and instructions which the Client reasonably imposes in connection with any equality obligations imposed on the Client at any time under applicable equality Law; and
- (b) take all necessary steps, and inform the Client of the steps taken, to prevent unlawful discrimination designated as such by any court or tribunal, or the Equality and Human Rights Commission or (any successor organisation).

1.44 SATISFACTION NOTE

The Contractor will approach the tenant at the completion of each property and obtain their signature on the standard Satisfaction Note (attached) which is to be submitted with the respective invoice. The Contract Administrator reserves the right to refuse payment unless a Satisfaction Note has been submitted.

1.45 TERMINATION OF CONTRACT

If the contract is terminated we may offer the work to the tenderer who submitted the second most favourable tender provided they maintain the rates originally tendered.

1.46 FREEDOM OF INFORMATION

- a) The Company acknowledges that the Client is subject to the requirements of the Freedom of Information Act 2000 ("the Act") and the Environmental Information Regulations 2004 ("the Regulations") and shall assist and co-operate with the Client (at the Company's expense) to enable the Client to comply with Information disclosure requirements
- b) The Company shall and shall procure that its sub-contractors shall:
 - i) transfer the Request for Information to the Client as soon as practicable after receipt and in any event within two working days of receiving a request for information
 - ii) provide the Client with a copy of all Information in its possession or power in the form that the Client requires within five working days (or such other period as the Client may specify) of the Client requesting that Information and
 - iii) provide all necessary assistance as reasonably requested by the Client to enable the Client to respond to a Request for Information within the time for compliance set out in section 10 of the Act or regulation 5 of the Regulations

1.46 **FREEDOM OF INFORMATION** (contd.)

- c) The Client shall be responsible for determining at its absolute discretion whether the Commercially Sensitive Information and/or any other Information:
 - i) is exempt from disclosure in accordance with the provisions of the Act or the Regulations
 - ii) is to be disclosed in response to a Request for Information, and in no event shall the Company respond directly to a Request for Information unless expressly authorised to do so by the Client
 - iii) The Company acknowledges that the Client may, acting in accordance with the Act or the Regulations be obliged to disclose information:
 - iv) Without consulting with the Company, or
 - v) Following consultation with the Company and having taken its views into account.
- d) The Company shall ensure that all information produced in the course of the contract or relating to the Contract is retained for disclosure and shall permit the Client to inspect such records as requested from time to time
- e) The Company acknowledges that any lists or schedules provided by it outlining Confidential Information are of indicative value only and that the Client may nevertheless be obliged to disclose Confidential Information.

Definitions:

Commercially Sensitive Information: comprising the information of a commercially sensitive nature relating to the Supplier, its intellectual property rights or its business or which the Company has indicated to the Authority that, if disclosed by the Client, would cause the Company significant commercial disadvantage or material financial loss.

Confidential Information: any information, however it is conveyed, that relates to the business, affairs, developments, trade secrets, know-how, personnel and suppliers of the Supplier, including intellectual property rights, together with all information derived from the above, and any other information clearly designated as being confidential (whether or not it is marked as "confidential") or which ought reasonably to be considered to be confidential, including Commercially Sensitive Information.

Environmental Information Regulations: the Environmental Information Regulations 2004 together with any guidance and/or codes of practice issued by the Information Commissioner or relevant government department in relation to such regulations.

FOIA: the Freedom of Information Act 2000, and any subordinate legislation made under the Act from time to time, together with any guidance and/or codes of practice issued by the Information Commissioner or relevant government department in relation to such legislation.

Information: has the meaning given under section 84 of FOIA.

Request for Information: a request for information or an apparent request under the Code of Practice on Access to Government Information, FOIA or the Environmental Information Regulations.

Services: the services to be delivered by or on behalf of the Company under this agreement.

Sub-Contract: any contract or agreement or proposed contract or agreement between the Company and any third party whereby that third party agrees to provide to the Company the Services or any part thereof or facilities or services necessary for the provision of the Services or any part thereof or necessary for the management, direction or control of the Services or any part thereof.

Sub-Contractor: the third parties that enter into a Sub-Contract with the Supplier.

1.46 **FREEDOM OF INFORMATION** (contd.)

Data Protection Legislation: up to but excluding 25 May 2018, the Data Protection Act 1998 and thereafter (i) unless and until the GDPR is no longer directly applicable in the UK, the GDPR and any national implementing laws, regulations and secondary legislation, as amended or updated from time to time, in the UK and then (ii) any successor legislation to the GDPR or the Data Protection Act 1998.

GDPR: General Data Protection Regulation ((EU) 2016/679).

1.47 **DATA PROTECTION AND DATA PROCESSING**

Both parties will comply with all applicable requirements of the Data Protection Legislation. This clause 1.47 is in addition to, and does not relieve, remove or replace, a party's obligations under the Data Protection Legislation.

The parties acknowledge that for the purposes of the Data Protection Legislation, the Client is the data controller and the Company is the data processor (where Data Controller and Data Processor have the meanings as defined in the Data Protection Legislation. Schedule 5 sets out the scope, nature and purpose of processing by the Supplier, the duration of the processing and the types of Personal Data and categories of Data Subject (both as defined in the Data Protection Legislation).

Without prejudice to the generality of clause 1.47, the Client will ensure that it has all necessary appropriate consents and notices in place to enable lawful transfer of the Personal Data to the Company for the duration and purposes of this agreement.

Without prejudice to the generality of clause 1.47, the Company shall, in relation to any Personal Data processed in connection with the performance by the Company of its obligations under this agreement:

- (a) process that Personal Data only on the written instructions of the Client unless the Company is required by the laws of any member of the European Union or by the laws of the European Union applicable to the Company to process Personal Data (Applicable Data Processing Laws). Where the Company is relying on laws of a member of the European Union or European Union law as the basis for processing Personal Data, the Company shall promptly notify the Client of this before performing the processing required by the Applicable Data Processing Laws unless those Applicable Data Processing Laws prohibit the Company from so notifying the Client ;
- (b) ensure that it has in place appropriate technical and organisational measures, reviewed and approved by the Client , to protect against unauthorised or unlawful processing of Personal Data and against accidental loss or destruction of, or damage to, Personal Data, appropriate to the harm that might result from the unauthorised or unlawful processing or accidental loss, destruction or damage and the nature of the data to be protected, having regard to the state of technological development and the cost of implementing any measures (those measures may include, where appropriate, pseudonymising and encrypting Personal Data, ensuring confidentiality, integrity, availability and resilience of its systems and services, ensuring that availability of and access to Personal Data can be restored in a timely manner after an incident, and regularly assessing and evaluating the effectiveness of the technical and organisational measures adopted by it);
- (c) ensure that all personnel who have access to and/or process Personal Data are obliged to keep the Personal Data confidential; and
- (d) not transfer any Personal Data outside of the European Economic Area unless the prior written consent of the Client has been obtained and the following conditions are fulfilled:
 - (i) the Client or the Company has provided appropriate safeguards in relation to the transfer;
 - (ii) the data subject has enforceable rights and effective legal remedies;
 - (iii) the Company complies with its obligations under the Data Protection Legislation by providing an adequate level of protection to any Personal Data that is transferred; and
 - (iv) the Company complies with reasonable instructions notified to it in advance by the Client with respect to the processing of the Personal Data;

1.48 DATA PROTECTION AND DATA PROCESSING (contd.)

- (e) assist the Client, at the Client 's cost, in responding to any request from a Data Subject and in ensuring compliance with its obligations under the Data Protection Legislation with respect to security, breach notifications, impact assessments and consultations with supervisory authorities or regulators;
- (f) notify the Client without undue delay on becoming aware of a Personal Data breach;
- (g) at the written direction of the Client , delete or return Personal Data and copies thereof to the Client on termination of the agreement unless required by Applicable Data Processing Law to store the Personal Data; and
- (h) maintain complete and accurate records and information to demonstrate its compliance with this clause 3 ; and
- (i) indemnify the Client against any loss or damage suffered by the Client in relation to any breach by the Company of its obligations under this clause 1.47.

The Client does not consent to the Company appointing any third party processor of Personal Data under this agreement. Either party may, at any time on not less than 30 days' notice, revise this clause 1.47 by replacing it with any applicable controller to processor standard clauses or similar terms forming part of an applicable certification scheme (which shall apply when replaced by attachment to this agreement).

Processing, Personal Data and Data Subjects

- (a) [Processing by the Supplier]
 - (i) [Scope]
 - (ii) [Nature]
 - (iii) [Purpose of processing]
 - (iv) [Duration of the processing]
- (b) [Types of personal data]
- (c) [Categories of data subject]

1.48 ADJUDICATION

Both parties to this Contract shall use their best endeavours to resolve disputes within a period of fourteen days.

All disputes between the parties arising out of or connected with the Contract or the performance of the Work by the Contractor which remain unresolved after the above period of fourteen days shall be referred to an Adjudicator to be agreed upon by the parties or in default of such agreement to be nominated by the President or Vice-President of the Royal Institute of Chartered Surveyors or nominee of such a person. The award of such Adjudicator shall be final and binding upon the parties. If upon the reference to an Adjudicator of any dispute between the parties, the Arbitrator shall find that in the exercise of his powers, duties and discretions under this Contract the Contract Administrator has acted unreasonably in all circumstances in the issue of any notice, instructions or certificate or the giving or withholding of any consent, the Arbitrator shall have full power to make an award which has the effect of amending such notices, instructions, certification or decision to give or withhold consent in such manner as the Adjudicator may think fit.

Notwithstanding any reference to arbitration the Contractor shall continue to perform the Services as herein provided unless otherwise instructed by the Contract Administrator.

1.49 FORCE MAJEURE

- (1) If either party is by reason of Force Majeure occurring before or after the date of this Contract rendered unable wholly or in part to carry out its obligations under this Agreement, then upon notice in writing specifying the nature of such Force Majeure from the Party affected to the other Party as soon as possible after the occurrence of the cause relied on the Party affected shall be released from its obligations and suspended from the exercise of its rights hereunder to the extent to which they are affected by the circumstances of Force Majeure and for the period during which those circumstances exist:

PROVIDED THAT

- (2) (i) the party affected shall use all reasonable endeavours to terminate or circumvent the circumstances or impact of the Force Majeure with all reasonable speed
(ii) nothing in this Condition shall relieve either Party of its obligations (including obligations to make payments hereunder) accrued to the date of the Notice
- (3) The Events of Force Majeure shall be limited to the following:
(i) war, invasion, act of foreign enemy, hostilities, civil war, riots, insurrection or military power, blockade or embargo;
(ii) any statute, rules, regulations, order or requisitions coming into force or issued after the date hereof by Parliament or any Government Department, or other duly constituted authority;
(iii) shipwreck or other accident at sea, in the air or on the land other than due to the Contractor's negligence or
(iv) failure, shortage or delay of power, fuel, transport or supplies otherwise than due to the Contractor's negligence;
(iv) stress of weather, flood, drought, tempest, fire, explosion, corrosion, ionising, radiation, radioactive contamination, earthquake, lightening or volcanic eruption or any consequence of such occurrence.
- (4) SAVE where the consequences of Force Majeure are dealt with elsewhere the Contractor hereby undertakes to use its reasonable endeavours to provide the Services during an event of Force Majeure providing that the Contractor shall not be under any obligation to incur additional cost in excess of £200 in respect of any such event.

1.50 CONTRACTORS CODE OF CONDUCT

This code of conduct is has been produced to ensure that contractors who carry out work on behalf of the Council do so in a professional and courteous manner. There is nothing onerous or complicated in this code and it is simply to insure that our tenants and their homes are treated with the level of respect that you would expect if someone were carrying out work in your home.

The majority of Contractors carry out the requirements of this code as part of their normal operations and this should not add any additional burden to the current method of working.

Contractors are requested not only to apply with the laid down requirements of this code but also with the spirit in which it has been produced.

1. Contractors must keep all appointments made and turn up punctually. If there are likely to be any delays, the tenant must be kept informed. (reference should be made to the Councils access protocol)
2. Contractors are required to wear an appropriate form of clothing, which should be clean and tidy, and clearly display the name of the Contractor.
3. Contractors must display an identification card at all times. This should include:
 - a) photograph of the operative
 - b) The operatives name
 - c) The Contractors name, address and telephone number

1.50 CONTRACTORS CODE OF CONDUCT (contd.)

4. Contractors are not to park cars/vans on paths and grassed areas as it causes obstruction and damages the surfaces. Cars and Vans should not be driven over such areas to deliver materials or clear debris. This action nearly always results in complaints being received from members of the public, which reflects badly on the Contractor and on the Council.
5. On arrival the contractor should introduce him/herself and show their identification card to the tenant. If the tenant wishes to check the legitimacy of the operative with the Council, the operative must respect the tenant's right to do this, and wait outside the property until the tenant is satisfied they are legitimate.
6. All personnel working on site will be required to understand written English and be capable of communicating with the Contractor Administrator and tenants verbally, in English. This is essential for complying with the specification, amendments, tenant liaison and Health and Safety requirements of the contract.
7. Before starting work the Contractor should explain to the tenant the nature of the work that is to be carried out, how long it is likely to take and areas of the property that will be affected and confirm that this is what the tenant was expecting. Any significant differences should be referred to the Council for clarification.
8. Check with the tenant before turning off any electricity, gas or water supplies to ensure it is alright to do so as this may effect fridges, freezers, fish tanks, dialysis machines, stair lifts etc. Ensure that all services are restored as soon as the work is completed.
9. Contractors should treat all tenants and their homes with respect, and ensure the removal of delicate or valuable items from the work area prior to work commencing and agree the arrangements for moving furniture etc. Protective covers are to be used where required.
10. If the work affects more than one room in the property, every effort should be made to limit disruption to one room at a time.
11. The Contractor must comply with all relevant Health and Safety legislation and ensure that the site is kept safe at all reasonable times. All fire exits, lifts, staircases, corridors and doorways must be kept clear at all times and not obstructed by the Contractors tools or materials. Do not prop open controlled access doors/fire doors during the course of the works.
12. All necessary precautions should be taken to protect carpets and flooring with the use of clean dustsheets or other protective material as appropriate.
13. Obtain the tenants permission before using sinks, toilets, electricity and other services in the property.
14. If it becomes necessary to leave the property before the work is completed, for example to collect additional materials, the Contractor must inform the tenant when leaving the property and of the anticipated return time. The Contractor should also inform the tenant of the reason why it is necessary to leave the property before the work is completed. Make sure it is safe to leave the work incomplete while absent from the site.
15. If the tenant requests additional work to that specified, the Contractor should contact the Council for advice before carrying out such work in accordance with the contract (V.O. thresholds).

1.50 CONTRACTORS CODE OF CONDUCT (contd.)

- 16 During the course of the works the Contractor must not:
- a) Smoke, eat, drink or play audio equipment in resident's homes.
 - b) Consume alcohol or take non-prescription drugs under any circumstances.
 - c) Use the toilet, without the prior consent of the tenant.
 - d) Carry out works in the home without the tenant being present, unless their express consent is obtained.
 - e) Carry out works if only minors (e.g. children under 16) are present at the property.
 - f) Empty any substances down drains that are likely to cause staining, blockages or pollute the system.
 - g) Use foul or abusive language or threatening behaviour. Under no circumstances should contractors cause offence, inconvenience or personal harassment to a tenant. This includes unkind, embarrassing, suggestive and inflammatory or damaging words or gestures. Respect and sensitivity should be shown for all tenants, their relatives, friends and visitors and their home at all times.
 - h) Express their own personal views regarding, the work, Ashford Borough Council, other contractors etc.
- 17 The contractor is to ensure that all works are complete to a satisfactory standard and that all surplus material, equipment and rubbish are removed, leaving the property clean and tidy. All services that have been affected by the works should be tested and left in full working order on completion of the work (and at the end of each day if the work is not completed in one day).
- 18 The Contractor must inform the tenant that the work is complete and ensure that they are happy with the final result. If necessary, depending on the type of work, instruct the tenant how to operate and maintain all new equipment installed and provide operation manuals if appropriate.
- 19 Any private work undertaken by the Contractor for the tenant must be arranged separately to work carried out for the Council. The Council will not accept any involvement or responsibility for payment for this work. Contractors should note that it is the responsibility of the Tenant to obtain the Council's prior written approval to carry out works of a structural nature to the property, and contractors will be obliged to ensure that this approval has been granted prior to carrying out any work.
- 20 The contractor must maintain the highest levels of confidentiality regarding any personal information that is supplied to them about the tenants by the Council, also including any other information they may acquire whilst working at the tenant's home. Contractors must not discuss with the tenant the Council's business, other tenants, other properties, previous workmanship or other contractors.
- 21 The contractor should not under any circumstances accept gifts from tenants.

Special considerations

- 22 The Contractor should take special care when working in properties where the tenant has a mobility impairment, it is important to ensure that their movement is not restricted. If the work is likely to cause inconvenience or obstruction, this should be discussed with the tenant prior to commencing any work. Any furniture and other items that have to be moved to allow the work to be carried out should be repositioned once the work has been completed.

1.50 CONTRACTORS CODE OF CONDUCT (contd.)

- 23 When dealing with a tenant that is deaf or has a hearing impairment it is important to take this into account. Some simple steps that can be used are:
Ensure that you have attracted their attention
- a) Face the person you are talking to and speak at your usual tone/volume, unless the tenant specifically requests that you speak up.
 - b) If necessary write things down
 - c) Ensure that the tenant knows if you have to leave the property for any reason and try to give an idea of when you will be returning.
- 24 When dealing with a tenant that is visually impaired, blind or partially sighted it is important to take this into account. Some simple steps that can be used are:
- a) Ensure that you introduce yourself on arrival using an agreed password if this system is in use. Show your identity card if this is appropriate.
 - b) Explain clearly what the job you are going to do is and where you will be working.
 - c) If it is necessary to move items of furniture in order to carry out the work, these should be replaced in exactly the same position on completion of the work.
 - d) Ensure that the tenant knows if you have to leave the property for any reason and try to give an idea of when you will be returning.
- 25 Some tenants may feel nervous about having a stranger in their home. It is therefore important to identify yourself, your organisation and purpose of visit **before** entering the premises. In some instances it may be necessary for the tenant to arrange for someone else to be present at the property whilst work is carried out.
- 26 The Contractor should pay particular attention to the religious belongings of tenants, for instance, do not disturb a religious object without first asking if it can be moved. If a tenant asks you to comply with a particular religious or ethnic procedure, you should respect their request wherever possible. If this is going to have implications for your safety or ability to carry out the work, you should contact the Council for advice before proceeding.
- 27 Should the Contractor encounter a tenant who does not speak English they should contact the Council for advice.
- 28 Whilst working in occupied premises there may be circumstances when the contractor is unhappy to work in a property, for example a tenant who is under the influence of drugs or alcohol or who is verbally abusive. If a situation like this occurs, and you feel you cannot work in these circumstances, you should explain to the tenant, if possible, why you are leaving and report to incident to the Council.
- 29 If any valuable items are left within your working area, i.e. purses, cheque books, jewellery etc, it is advisable to ask the tenant to move them to somewhere more secure. This is to protect you, should these valuables subsequently go missing.
- 30 There may be instances where a Contractor is faced with violence or the threat of violence. It is advisable not to get drawn into these situations but to leave the premises as quickly as possible and report the incident to the Council.

1.51 THE BRIBERY ACT 2010

The Company warrants and undertakes to the Client that:

- a) It will comply with applicable laws, regulations, codes and sanctions relating to anti-bribery and anti-corruption including but not limited to the Bribery Act 2010 and will not give any fee or reward the receipt of which is an offence under sub-section (2) of Section 117 of the Local Government Act 1972.
- b) It will procure that any person who performs or has performed services for or on its behalf ('Associated Person') in connection with this Agreement complies with this Clause.

- c) It will not enter into any agreement with any Associated Person in connection with this Agreement, unless such agreement contains undertakings on the same terms as contained in this Clause;
- d) It has and will maintain in place effective accounting procedures and internal controls necessary to record all expenditure in connection with the Agreement;
- e) From time to time, at the reasonable request of the Client it will confirm in writing that it has complied with its undertakings under these Clauses and will provide any information reasonably requested by the Client in support of such compliance;
- f) It shall notify the Client as soon as practicable of any breach of any of the undertakings contained within this Clause of which it becomes aware.

Where the Company or its employees, servants, sub-Contractors, suppliers or agents or anyone acting on the Company's behalf, engages in conduct prohibited by the Bribery Act 2010 or the Local Government Act 1972 section 117(2) in relation to this or any other contract with the Client, the Client has the right to:

- a) Terminate the agreement and recover from the Company the amount of any loss suffered by the Client resulting from the termination, including the cost reasonably incurred by the Client of making other arrangements for the provision of the Services and any additional expenditure incurred by the Client throughout the remainder of the Term; or
- b) Recover in full from the Company any other loss sustained by the Client in consequence of any breach of this clause, whether or not the Contract has been terminated.

1.52 INDEMNITY

The Company agrees with the Client throughout the term of indemnify and keep indemnified the Client from and against any and all loss, damage or liability suffered and legal fees and costs incurred by the Client resulting from a breach of this Agreement by the Company including:

- a) Any act neglect or default of the Consultant's employees or agents or;
- b) Breaches in respect of any matter arising from the supply of the Services resulting in any successful claim by any third party.

The Client shall not be liable for or in respect of any damages or compensation payable at law in respect or in consequence of any death accident or injury to any workman or other person in the employment of the Company (including agents or sub-contractors) save and except to the extent that such accident or injury results from or is contributed to by any act or default of the Client their agents or servants and the Company shall indemnify and keep indemnified the Client against all such damages and compensation (save and except as aforesaid) and against all claims demands proceedings costs charges and expenses whatsoever in respect thereof or in relation thereto.

ASHFORD
BOROUGH COUNCIL

Renewal of Fascia, Soffit and Roofline Goods

Section Two General

Renewal of Fascia, Soffit and Roofline Goods**2.00 General**

- 2.01 Work comprises the removal and replacement of rainwater goods, fascia, soffit boarding and (where appropriate) barge boarding.
- 2.02 The Contractor must ensure that the properties (and those adjoining) are weather-tight, safe and habitable by the end of each work shift or at the onset of inclement weather.
- 2.03 The Contractor **must** identify where services will obstruct, or affect the works. The Contractor is responsible for liaising with the relevant service providers, and paying any fees incurred for disconnection, alteration and reinstatement as necessary.
- 2.04 Work must be undertaken diligently. Each “unit” (i.e. block or terrace) shall be completed within a working week of starting. The Employer has no objection to a number of properties being worked on simultaneously.
- 2.05 Services and equipment may be fixed to (or pass through) fascia and soffit boards, or walls. This includes satellite dishes, aerials, and cables (telecommunications and overhead electrical supply).
- Such services, must be maintained during the work. The Contractor must allow for liaising with the appropriate providers/authorities, organising, and paying for any temporary supplies or alterations (including permanent alterations and repositioning) that might be necessary.
- Any disputes about picture quality of T.V, SKY, etc. and continuation of service provision, are to be dealt with directly by the Contractor.
- The Contractor must allow for alterations, re-tuning, etc. (as often as it is necessary to relocate equipment). The cost of any new fittings, cables, etc.; required in reinstatement of any services disturbed, shall be the Contractor's responsibility.
- 2.06 The Contractor must inform residents (in writing) of their intention to start work, giving at least seven days' notice. The notification should:
- Explain (in full) the extent of the work.
 - Outline what the likely disturbance will be.
 - Give an indication of how long the work will go on.
 - Ask residents to remove any goods or plants that might get damaged.
 - Give contact details for any queries, concerns.
- 2.07 Work at party walls (involving a privately owned adjoining property) must be restricted to that half owned by the Council. The works are to terminate at least on the councils side of the boundary (unless the adjoining owner is having the work done privately see clause 2.08).
- 2.08 The Employer has no objection to the Contractor obtaining work from adjoining owners, as long as this does not have a detrimental effect on the progress of the contract. Any work carried out will be on a strictly private basis and must be sensibly “worked in”.

Renewal of Fascia, Soffit and Roofline Goods**2.00 General (contd.)**

2.09 In the event of an emergency, attendance on site must be given within 2 hours. A telephone number (and attendance) for out-of-hours calls, must be provided for the duration of the contract.

A Supervisor shall oversee the work and act as principal point of contact for the Employer, all the while works are in progress on site. If the contact "cascade chain" is to differ from the above, then the Supervisor must have a mobile telephone that utilises a network that covers all of the sites.

The Supervisor must liaise regularly with the tenants and (if necessary) adjoining residents, on any issues that may affect them.

2.10 The management of any Suppliers, Sub-Contractors or Statutory Authorities (in connection with the work) are the responsibility of the Contractor. The codes of conduct and behaviour contained in the preliminaries of this contract, apply equally to all involved.

2.11 Management of any vehicles (used in connection with the works) including deliveries, waste collection and transportation of personnel is the Contractor's responsibility. Vehicle movements, should be planned to avoid busy times i.e. school drop off and pick up times.

2.12 The Contractor must allow for the installation, adaptation, maintenance and removal of temporary works and protection, necessary. All plant and equipment used, is to be specifically designed to protect persons and property and allow the safe and proper execution of the works. This includes, but is not limited to:

- Plant and equipment for working at height (satisfying the working at height regulations).
- Any security measures (i.e. Herras fencing) necessary to secure the site or site accommodation.
- Temporary weathering required, to prevent ingress or damage by inclement weather.
- Barriers and/or any alteration or diversion of footways, to ensure safe access by the public and to restrict access to below the work area.

All making good to damaged structures, hard and soft landscaping found necessary after removal.

2.13 The Contractor must not alter, or interfere with, any works or property belonging to any Statutory Undertaker (without obtaining written permission first). Copies of any approval notices, etc. must be sent to the Employer.

2.14 The Contractor will commence work within 15 working days of receiving the official order.

During the interim period, the Contractor is to produce a structured programme and a Construction Phase Plan (including detailed, site specific RAMS) for the intended works.

Renewal of Fascia, Soffit and Roofline Goods**2.00 General (contd.)**

2.15 The Contractor shall provide (and find suitable locations for) site welfare accommodation and (if required) temporary storage areas for goods and waste.

The Contractor is to allow for daily disposal of waste generated by the works. Waste skips are impractical due to parking limitations in the work areas.

The Contractor is to allow for delivery of materials for fixing on a “just in time” basis. Materials can be stored remotely, at the Contractors risk, but there is little opportunity for a site compound close to the work areas.

2.16 All timber used on this contract is to be from a recognised sustainable source, such as FSC or PEFC. The Contractor will be required to provide the Chain-of-custody certificates for proof.

2.17 The Contractor will be required to provide a waste management plan for this contract. The plan must demonstrate a commitment to sorting and recycling of construction waste, arising from the works.

2.18 Gardens and surrounding areas must be left clean, tidy and in a safe condition at the end of each shift. No materials are to be left and any other trip hazards are to be avoided at all times.

2.19 To avoid the risk of falling objects from working platforms, overloading, trips, etc. any materials (that are not in immediate use) must not be raised above ground level. Any waste materials being removed must be lowered to the ground immediately and tools and equipment must be secured to body (or removed from the work platform) when not in use.

2.20 The Contractor should allow for cleaning external windows and frames on completion.

2.21 The Contractor must visit all of the sites to note any local influences on the work.

The Contractor is to plan and allow for all costs involved in overcoming any difficulties noted, such as gaining access to the high level guttering above the walkway roofs at Engineers Court.

ASHFORD
BOROUGH COUNCIL

Renewal of Fascia, Soffit and Roofline Goods

Section Three Working at Height

Renewal of Fascia, Soffit and Roofline Goods**3.00 Working at Height**

3.01 It is thought that, in most cases, the work can be executed, safely using means of working at height other than an independent scaffolding.

Contractors are invited to submit proposals for the Principal Designers consideration within the Construction Phase Plan.

3.02 It is felt that scaffolding will be required to access some of the work areas such as (but may not be limited to) Engineers Court walkway areas. The Contractor must allow in his price for any areas where scaffolding is required as an outcome of clause 2.21. The Contractor should allow for the protection of any roof areas below the scaffold that are to be used as partial support for the scaffold and; for the removal and replacement of any patent glazing panels that facilitate the construction of the scaffold.

3.03 Any necessary scaffolding (and work in installation and maintenance thereof) shall comply with:

- The Workplace (Health Safety and Welfare) Regulations 1992.
- NCAS Guidance TG20:08
- Working at Height Regulations 2005.

3.04 If needed, scaffold will be 5-board wide, independent, tied scaffolding.

3.05 The Contractor must ensure scaffolds provide protection of the public from the ongoing works. This includes:

- Brick guards.
- Mesh screening.
- Suspended nets under the work platforms to trap falling objects and debris.
- Fans above doorways or other thoroughfares.
- Foam bumpers on uprights by doorways or footpaths.

3.06 Scaffolds must be struck and cleared, within two working days after sign-off by the Employer.

3.07 The Contractor must design any scaffolding to allow clear, safe access for residents. External doors, fire escape pathways and access to outbuildings (including garages) must not be blocked or restricted.

3.08 The scaffold must be set out in such a way, that the casements of at least 2 opening windows (minimum 0.35m² in area) above ground floor can be fully opened.

3.09 The Contractor must not tamper with or alter the scaffolding in any way (including the taking up and repositioning of gang boards).

3.10 Scaffolding must undergo a weekly safety inspection by a suitably qualified and competent person, to ensure its continuing fitness for purpose and integrity.

BOROUGH COUNCIL

Renewal of Fascia, Soffit and Roofline Goods

Section Four Asbestos

Renewal of Fascia, Soffit and Roofline Goods

- | | |
|-------------|--|
| 4.00 | Asbestos |
| 4.01 | There is no known or suspected asbestos containing materials (ACM) in the scope of the work.

Should the Contractor discover ACM (or suspect the existence of), work is to cease until the EMPLOYER has investigated and issued further instructions. |
| 4.02 | If an ACM is uncovered and needs removal, it will be the Employers responsibility to organise and pay for this. |
| 4.03 | Reasonable recompense for loss of profit and/or an extension of time (if appropriate), will be considered. |

ASHFORD
BOROUGH COUNCIL

Renewal of Fascia, Soffit and Roofline Goods

Section Five Brickwork Repairs

Renewal of Fascia, Soffit and Roofline Goods**5.00 Brickwork Repairs****5.01 Generally**

The Employer may require and instruct minor “high-level” repairs to walls and roofs, during the execution of the contract.

A schedule of rates (Section 9) will be used to cover the costs of such work. Any work issued, will be priced against the schedule of rates and the contract sum adjusted accordingly.

5.02 Brickwork Stitching

Carefully cut out loose, cracked and spalled brickwork, tile creasings, etc. Renew or reinstate to original level and lines with matching materials.

Re-point work as it proceeds (and make good any adjacent areas of pointing disturbed) in a neat weather-struck finish. The mortar unless otherwise directed shall be gauged 1:1:5 cement, lime and sand.

5.03 Re-pointing

Rake out all brickwork joints to a depth of 25mm, using an angle grinder with an effective dust extraction unit, or use an approved manual method. Remove dust, wet-lightly and re-point areas of prepared brickwork with a neat weather-struck finish.

The mortar is to be as clause 5.02 and care must be taken to ensure the mortar is well worked to refill joints from back to front.

Alternatively, the CONTRACTOR may wish to engage a specialist sub-Contractor for this part of the work using a mechanised process and proprietary mortar mix. The Employer has no objection to this, but will need to approve the process and materials used.

5.04 Lead Work

Replace flashings and provide additional, where missing, to the satisfaction of the Employer.

Flashings and trims will be replaced with “ALUFLASH” adhesive backed system as manufactured by Glidevale Ltd, and shall be fixed strictly in accordance with the manufacturer’s instructions.

All flashings are to be chased 25mm into brickwork joints and pointed-in. All site formed profiles are to be formed in accordance with the manufacturer’s instructions.

5.05 Rendering

Hack off defective rendering, back to a sound surface. Rake out/key brick or block work joints.

Dub out and re-render wall surfaces to level and line of existing work in two coats up to 19mm thick.

Allow to apply two coats of Sandtex masonry paint to match existing wall décor as closely as possible.

ASHFORD
BOROUGH COUNCIL

Renewal of Fascia, Soffit and Roofline Goods

Section Six Fascia, Soffit and Bargeboards

Renewal of Fascia, Soffit and Roofline Goods**6.00 Fascia, Soffit and Bargeboards****6.01 Scope of the Work:**

The Contractor must allow for:

- Replacing fascia boards, soffits and bargeboards with Swish PVC Roofline Products.
- Installing new eaves details where none currently exists. Works are to include forming box-ends at junctions.
- Installing Glidevale O.F.V eaves skirting.
- Constructing 50x50mm timber framing and support necessary (including building out where open eaves exist currently and ladders for bargeboards).

The works are to include – main roof, outhouse and porch/canopy roofs.

6.02 Preparation:

Mindful of clause 2.07, carefully remove and dispose of all existing rainwater goods, fascia, soffit and bargeboards. Allow for cleaning out, unblocking and repairing any drain gullies. Only rainwater pipes located within the boundaries of the listed properties are to be renewed or worked on.

The proposed fixing line for new fascia boards must be sympathetic to that on neighbouring properties, and be agreed by the Employer. New guttering needs to be connected to adjoining properties or the ends are to be stopped off as appropriate.

Care must be taken, to ensure that opening casements and fanlights will not be obstructed in operation. Where practical (and it will not look unsightly), it is desirable to install new soffit boards, level with the head of the window reveals.

The Contractor must allow for fascia boards of sufficient depth and any framing and support battening necessary to achieve this requirement.

The Contractor must allow the rafter feet to be packed out or trimmed back to achieve a true, straight line. The Contractor is to pack out the top of rafter feet as necessary to ensure that the new eaves skirting is supported and can be installed, in accordance with the manufacturers recommendations.

Carefully strip up and set aside the eaves tiles (and those “up-slope”) sufficient to allow the installation of new Glidevale Over Fascia Ventilator eaves skirting, and new fascia board. Supply and fit new ventilators and remake eaves courses on completion. Point up verge course with sand/cement mortar where applicable.

Renewal of Fascia, Soffit and Roofline Goods**6.00 Fascia, Soffit and Bargeboards (contd.)**

- 6.03 Fascia Boards:
Supply and fit new fascia boards in Swish, cellular, UPVC, Jumbo board to B.S 7619. New fascia boards are to be grooved, ROSEWOOD (R) 8016, 20mm thick and square edged from the C285 to C289 range, no less than 150mm deep.
- The boards must be fixed to every rafter foot and to framing at a maximum of 600mm centres. At each fixing point 2 No. white, 65mm Trim-top, A4 stainless steel fixings (C083) are to be used.
- Allow for forming corners and boxing's using (C154) connectors and tailor to suit any corbel details.
- Supply and fit new Glidevale O.F.V eaves skirting to top of new fascia board, dressed into new gutter. Remake eaves course over.
- 6.04 Soffit Boards:
Supply and fit new soffit boards in Swish, cellular, UPVC, Gee Pee boarding to BS 7619. New soffit boards are to be ROSEWOOD (R) 8016, 9mm thick and square edged from the C240 to C252, no less than 150mm deep.
- The soffit must be of sufficient girth to butt tightly against walls and or window frames. No trims will be allowed to hide discrepancies.
- The boards must be fixed to the underside of every rafter foot, and to framing at a maximum of 600mm centres lengthways. The boards must also be fixed to the supports at a maximum of 200mm across the width. At each fixing point, 2 No. white, 40mm, Trim-top, A4 stainless steel fixings (C081) are to be used.
- 6.05 Bargeboards:
Supply and fit new bargeboards; in Swish, cellular, UPVC, Jumbo board to B.S 7619. New fascia boards are to be grooved, ROSEWOOD (R) 8016, 20mm thick and square edged from the C285 to C289 range; no less than 150mm deep.
- The boards must be fixed to framing at a maximum of 600mm centres. At each fixing point 2 No. white, 65mm Trim-top, A4 stainless steel fixings (C083) are to be used.
- Bargeboards are to be fixed without joints, expect for the corner trim joint (C154) connector and a running trim joint (C153) at the apex.
- Allow for forming neat box ends.
- 6.06 Bargeboard Soffits:
The soffits are to be in accordance with clause 6.04
- Soffits are to be formed without joints, other than the fascia board and apex joints. These are to be achieved using soffit joint trim (C041).

Renewal of Fascia, Soffit and Roofline Goods**6.00 Fascia, Soffit and Bargeboards (contd)****6.07 General Workmanship:**

Boards up to 7.5m in length are to be fixed in one piece. No more than one joint (apart from where the neighbours adjoin) will be allowed on any one elevation.

Profiles are to be neatly scribed around decorative or structural projections and be neatly sealed with low modulus silicone where they abut walls, etc.

Fixings must line through with each other and be at right angles to the board edges.

All goods are to be fixed strictly in accordance with the manufacturer's recommendations including, trims, fixings and sealants.

Any holes necessary for pipes, etc., must be formed as small as practically possible. Once accommodated, the pipes are to be sealed round with low modulus silicone. Overflow pipes are to extend at least 50mm out from the face of any boarding and the Contractor should allow for extending these, if required.

The new work shall be cleaned down, using Windsor Wurth; type 10 solvent based PVC cleaner, prior to removing the scaffolding.

6.08 Jointing:

Any unavoidable joints shall be located centrally.

A joint must be formed at every party wall line. Where able to be, these must be located, where rainwater pipes will conceal them.

For new work, the joints are to be formed using C153 or C041 trims, cut to fit on site.

Where joining new work to old, or forming an end boxing (i.e. to private properties), the system proposed, must be approved by the Employer. Any proposal must be sympathetic to the sectional size and the material composition of the neighbour's eaves detail. Neat cover fillets or jointing strips are to be used for both fascia and soffit boards where they abut neighbouring properties.

Joints should be avoided above doorways.

ASHFORD
BOROUGH COUNCIL

Renewal of Fascia, Soffit and Roofline Goods

Section Seven Rainwater Goods

Renewal of Fascia, Soffit and Roofline Goods**7.00 Rainwater Goods****7.01 General:**

Allow to supply and fit new UPVC rainwater goods. This includes Hopper heads and associated wastewater down pipes. All works are to be carried out in strict accordance with the manufacturer's drawings and recommendations.

Joints are to be minimised by using whole lengths. The same logic for jointing, as described in clause 6.07, applies equally to rainwater goods.

Proprietary connectors supplied by the rainwater goods supplier, are to be used to join new work to old (i.e. to adjoining owner-occupiers).

7.02 Rainwater Goods:

Supply and fix new Osma, 112mm, Deepflow, black, UPVC guttering and matching 68mm rainwater pipes.

Generally, gutter brackets are to be the three-hole type, with sherardized screws; fixed into the rafter feet or support battens. Brackets must not be fixed at more than 900mm centres. The situation may dictate that the new gutter might need to be fixed on rafter arm brackets. Should this be the case, Marley AC77 top-fixed rafter arm brackets are to be used.

Rainwater pipe or hopper head fixings; are to be sherardized screws, plugged and screwed to the masonry.

The Contractor must allow for all necessary connectors, unions, hopper heads, outlets, stop ends, brackets, shoes and bends; required to complete each installation to a neat workmanlike standard.

The use of mechanical fixings that protrude into swan necks, shoes and other joints in rainwater pipes is to be avoided.

7.03 Leaf Gutter Guards:

The Contractor shall allow to supply "Hedgehog" (or similar, approved) leaf guard gratings to all "difficult to access" new guttering, such as Engineers Court.

7.04 Rainwater Butts:

The Contractor may be required to supply and fit rainwater butts (to the following specification). If required, these will be instructed separately to the main work.

Supply and install a new 227 litre Harcostar, child-safe water butt, Including:-All labours connected with the installation.

- Alteration of the rainwater pipe.
- The supply and fit of a drain diverter valve.
- The provision of a sound precast concrete slab base; and stand sufficient to allow a receptacle to be placed under the tap.

The Contractor should **NOT** include costs within the tender work up under section 7, but insert a price where invited in the schedule of rates (section 9) to cover this work, if it is required and instructed.

Pre-Construction Information

Construction (Design and Management) Regulations 2015

1.0	PROJECT DIRECTORY
1.1	Client: Ashford Borough Council, represented by Sharon Williams (Head of Housing), Civic Centre, Tannery Lane, Ashford, TN23 1PL.
1.2	Principal Designer : Ashford Borough Council represented by Simon Lees (Building Surveyor, Planned Maintenance)
1.3	Principal Contractor (where appropriate): T.B.C
2.0	TITLE OF PROJECT: Renewal of Fascia, Soffit and Rainwater Goods
3.0	Contract No.: GUTS/19/1
4.0	SCOPE OF WORKS: Replacement of Roofline Goods.
5.0	LOCATION: Ashford: Cygent Way: No's.: 1, 3, 4, 17, 19, 20, 21, 22, 23, 26, 27, 28, 29 Engineers Court: No's.: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11
6.0	Key Dates
6.1	Planned Construction Phase start : 05.08.19
6.2	Planned Construction Phase Finish: 27.09.19
6.3	Duration of Works: 8 weeks
6.4	Defects Liability Period: 12 months.
7.0	Project Notification: Notification will take place prior to contract commencement. NO
8.0	EXISTING ENVIRONMENT (<i>existing services, surrounding land use, ground conditions, etc.</i>):
8.1	Residential properties, with access paths to front, side and rear.
8.2	There will be high foot traffic levels.
8.3	Car/vehicle parking is very limited.
8.4	Properties will be occupied during the course of the works.
8.5	Parking, deliveries, and waste collection will need careful consideration. There is little space on site for storage of goods or waste.

Pre-Construction Information Continued

9.0	IDENTIFIED HAZARDS OF DESIGN AND CONSTRUCTION (<i>information on the significant risks which cannot be avoided</i>):
9.1	Awareness of the public and workforce around work area. Effective segregation / access prevention. Gardens and paths to be kept clear of trip hazards, etc. and safe clean access to homes to be maintained for residents.
9.2	Working at height will be required to access the work area. Falls from height.
9.3	Power tools (should be 110v - centre tapped). Avoid trailing cables, rechargeable tools to be used where possible.
9.4	Slips and trips. Unfixed goods to be placed sensibly and safely and rubbish to be cleared as it accumulates. Work area to be kept clear at all reasonable times.
9.5	Falling objects, lower removed goods to ground immediately and only raise new goods from the ground in time for final fixing. Secure tools to body or work platform when not in use.
9.6	Observe manufacturers recommendations for cutting and fitting the fascia, soffit and guttering.
9.7	Observe COSHH information for all hazardous materials, not specifically listed and take all necessary precautions recommended.
9.8	Shroud overhead services before work proceeds.
9.9	The Joint Code of Practice on the Protection from Fire of Construction Sites and Buildings Undergoing Renovation is applicable to these works and must be complied with.
9.10	Contractor to ensure all operatives are aware of any known ACM's in the work area. Details of which will be contained in the R & D Surveys. Should any suspected ACMs (not previously noted) be found, they must be reported. The Employer will make an assessment and order testing if appropriate.
9.11	Only N.I.C.E.I.C. approved Contractors are to be used for the removal and replacement of surface mounted electricity cables.
9.12	There may be boiler flues emerging through walls and care will need to be taken not to compromise their operation.
10.0	RECORD INFORMATION:
10.1	Liaise with all residents affected to secure goodwill and cooperation for the duration of the works.
10.2	Correct supervision and liaison of building trades.
10.3	Correct use of appropriate PPE/RPE, e.g. hard hats, eye protection, masks and gloves.

Tender Evaluation Criteria

Tender Evaluation Criteria

The tenders will be evaluated using the following weightings;

Price: 90%

Quality: 10%

Price

90 points will be allocated to the lowest tender and then other tenders will be evaluated as a percentage of the lowest price. This is then converted to a point score to reflect that this area carried 90% of the total score. An example of this procedure is shown in the following example;

Tender	Price £	Calculation	Convert to 90%	Points
1	500	$(425 \div 500) \times 100 = 85$	$(90 \times 85) \div 100$	76.50
2	622	$(425 \div 622) \times 100 = 68.3$	$(90 \times 68.3) \div 100$	61.47
3	425			90
4	440	$(425 \div 440) \times 100 = 96.5$	$(90 \times 96.5) \div 100$	86.85
5	625	$(425 \div 625) \times 100 = 68$	$(90 \times 68) \div 100$	61.20

Quality

This section will be evaluated using the following criteria and the tenderer is required to provide a response to each of the criteria (listed 1 – 5) below and points will be allocated for each section. Responses to each question should be limited to one page of A4, minimum size 10 font for each item. Any responses that are of a longer length will not be evaluated after the first page of A4. The tender with the highest point score will be used as the base line to calculate the relative scores for the other tenderers. This is then converted to a point score to reflect that this area carries 10% of the total score.

1. Please give examples of how your company seeks to reduce the impact its operations has on the environment. Please detail any recycling processes and corporate company policy that you may have adopted to limit the amount of embodied energy in your end product. 2%
2. The work will be carried out in or on occupied properties. Bearing in mind that some tenants may be elderly or vulnerable, please provide information detailing how you would implement and manage a tenant liaison plan including details of who in your company would carry out this function. 2%
3. Disputes are bound to arise from time to time. Different people have different expectations. Some peoples expectations could be considered (by others) to be unreasonable. How would you deal with on site conflict where it might be considered that a resident is being unreasonable or particularly demanding? 2%
4. What long-standing (and preferably on-going) experience does your organisation have of working on occupied dwellings, owned and managed by Registered Social landlords? 2%
5. What supervision and control practices do you employ to aspire to zero defects on projects? 2%

The tenderer will be required to submit a response to the Quality section on a sheet of A4 (10 font).

Tender	Quality score	Calculation	Convert to 10%	Points
1	2	$(2 \div 10) \times 100 = 20$	$(10 \times 20) \div 100$	2
2	3	$(3 \div 10) \times 100 = 30$	$(10 \times 30) \div 100$	3
3	7	$(7 \div 10) \times 100 = 70$	$(10 \times 70) \div 100$	7
4	8	$(8 \div 10) \times 100 = 80$	$(10 \times 80) \div 100$	8
5	10			10

The winning tender is the one which scores the greatest overall mark once Price and Quality have been combined The results from the above examples would be as follows:

Tender	Points awarded for Price	Points awarded for Quality	Points Total	
1	76.50	2	78.50	
2	61.47	3	64.47	
3	90	7	97	Winning Bidder
4	86.85	8	94.85	
5	61.20	10	71.20	

Score for Assessed Questions	Judgement
0	Statement is unsuitable and / or suggests unacceptable risk
2	Statement fails to meet requirements in a significant way
4	Statement fails to meet requirements in some way
6	Statement meets all the requirements ("par")
8	Statement exceeds requirements and adds some value
10	Statement exceeds requirements and adds significant value

ASHFORD
BOROUGH COUNCIL

Access to Premises Protocol

ACCESS TO PREMISES PROTOCOL

1. Access by appointment is always preferable.
2. Access by appointment is essential if it has been requested by the tenant.
3. Generally 24 hours notice is required although this may be waived by mutual agreement between contractor and tenant.
4. Works within a dwelling should preferably be undertaken with the tenant or their nominated representative present. Nominated representatives can not be persons under the age of 16 years (minors) and contractors should not undertake works inside a dwelling if a minor is present and not accompanied by an adult.
5. Works to the exterior of a dwelling or within its curtilage are only to be undertaken if an appointment has been made or someone in the property has been made aware of the contractors presence and permission to proceed is given. The only exceptions are as follows;
 - Works that are highly unlikely to cause any intrusion or are of an urgent nature,
 - Works in open plan gardens to fences, drains and the like.
6. In all circumstances the contractor should always make (or attempt to make) their presence known to any occupants.
7. Works to the building are not to be undertaken if there is 'no answer at the door' especially if the works involve the use of ladders against an elevation of the building with windows and/or noisy operations.
8. Enclosed gardens with locked or secured gates are not to be entered unless permission has been granted by the tenant (does not apply to emergencies).

Note:

- a) *Some of the reasoning behind this protocol was based on privacy and the chance of intrusion if contractors put themselves in a position where they can catch an occupant unaware should they have been unwilling or unable to answer a call at the front door.*
- b) *This protocol needs to be exercised with common sense and is not intended to prevent works being undertaken that are highly unlikely to cause any intrusion or are of an urgent nature i.e. works that need to be done to prevent obvious and imminent damage to property or injury to health.*
- c) *The protocol is intended to balance the rights of the tenants to privacy, the contractors' interests and the safety of their employees and the need to undertake repairs.*
